Montreat College reserves the right to make necessary modifications in classes, fees, personnel lists and programs.

Montreat College admits students of any race, color, religion, sex, age, national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, religion, sex, age, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school administrative programs. It does not discriminate in admission or access to its programs and activities on the basis of handicap as defined by Section 504 of the Rehabilitation Act of 1973.

INTRODUCTION TO MONTREAT COLLEGE

Montreat College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the baccalaureate and associate degrees.

Affirming that all truth ultimately comes from God, study of the Bible is an essential part of the curriculum at Montreat College, and biblical insights are brought to bear on every academic area. The academic program at Montreat College stresses personal attention. The small size of the college encourages easy social contact that develops social poise and responsibility. It also gives each student an opportunity to live in a strong community where a commitment to Christ exists based on the biblical message of love, forgiveness and reconciliation.

STATEMENT OF PURPOSE

MISSION

Montreat College is a Christian liberal arts educational institution committed to the integration of faith and learning. Through our focus on faith, we seek to glorify Jesus Christ, to reflect His image, to serve His Church and to encourage faith development in students. Through our focus on learning, we seek to educate the mind and challenge the spirit, to discern truth, to communicate effectively, and to become agents of renewal and reconciliation in the world. Through faith and learning we seek to encourage students to discover the call of God in every sphere of life.

FOUNDATIONS

We believe humanity is God's creation in His own image, and therefore persons are thinking, relational, moral and spiritual beings of dignity and worth. We seek to serve students in all these dimensions. Our aim is to challenge students to become the complete persons a loving God intends them to be and to live in vital relation-

ship with Him. Therefore, we seek to be a faith community as well as an academic community. We see our educational mission as an extension of the great ends of the Church and seek to graduate students who are committed to Christian servant-leadership in the world, promoting personal and social righteousness by God's grace and to His glory.

As a Christian college in the Presbyterian tradition, we are guided in our pursuit of academic excellence by the framework of Reformed beliefs. We confess the living God as the ultimate foundation of our faith and the source of all truth. We believe God is revealed perfectly in Jesus Christ. We affirm our Lord and Savior Jesus Christ as the center of history, restoring purpose, order, and value to the whole of life. We believe Jesus Christ to be the focus and culmination of scripture and that God's written Word is inspired, authoritative and, rightly interpreted by the Holy Spirit, is our infallible rule for faith, conduct, and worship. We study and address a world and humanity which were created good, corrupted by the fall, redeemed through faith in Christ, and are moving toward the final consummation of God's purposes through the work of the Holy Spirit.

EDUCATIONAL OBJECTIVES

Approaching the integration of faith and learning from an informed, biblical perspective, faculty, staff, and students form a Christian community of learners that seeks to pursue the premise that all truth is God's truth and explores the significance of this in the various academic disciplines. We are committed to a thorough exploration of and complementary relationship between biblical truth and academic inquiry. We openly embrace students of all cultures, races, and faiths in an atmosphere of academic excellence, intellectual inquiry and Christian love.

The College seeks to provide a broad, rigorous liberal arts curriculum with an emphasis on traditional and selected professional degree programs, including degree programs for adult learners. The College's educational objectives include:

1. That students will develop an informed, biblical world view including the following:
    - The sovereignty of God over all creation and knowledge;
    - A lifestyle of Christian service to others and the community;
    - The recognition of the intrinsic worth of self and all persons;
    - A genuine critical openness to the ideas and beliefs of others;
    - The formation of values and ethical reasoning;
    - An appreciation for what is beautiful, true and good in the arts and literature;
    - A respect for and attitude of stewardship toward the whole of creation;
    - An understanding of the past and its interconnectedness with the present and future.
2. That students will demonstrate effective written and oral communication skills.
3. That students will demonstrate critical thinking and problem-solving skills.
4. That students will demonstrate essential computer information systems skills.
5. That students will demonstrate competency in their academic majors.
6. That students will develop interpersonal and team skills and an understanding and appreciation of their personal strengths and weaknesses.
7. That students will become reflective and responsible citizens, effective leaders, and committed laity.

VISION

Montreat College aspires to be a Christian college of such character that we are known regionally, nationally and internationally for the quality and value of our educational programs. We seek to be a leading, serving institution through developing students who will become servant-leaders in society. We would be a first choice provider of Christian higher education, an inspiration to our students, a servant to our communities, and a blessing to the whole church.

AFFILIATION

Montreat College is affiliated with the Presbyterian Church (U.S.A.) and has a covenant relationship with the Presbyteries of Western North Carolina and East Tennessee, and with the Synod of the Mid-Atlantic. We are a member institution of the Coalition for Christian Colleges and Universities.

THE ACADEMIC PROGRAM

Students entering the baccalaureate program have the advantage of a Christian liberal arts education in a small college setting. They can choose to pursue a bachelor of arts or a bachelor of science degree.

The student may enroll as a candidate for one of the following degrees:

Bachelor of Arts
Bachelor of Science
Associate in Arts
Associate in Science

A student may choose one of twelve majors in the following programs:

Bachelor of Arts with majors in
- American Studies
- Bible and Religion (with concentrations in liberal arts or Christian education)
- English (teacher licensure available in English Education 9-12 and concentrations available in literature or communications).
- History (teacher licensure available in History-Social Studies Education 9-12).
- Human Services
- Mathematics

Bachelor of Science with majors in
- Bible and Religion (with concentration in Christian education)
- Business Administration (with concentrations in accounting, management, quality management, sports management, management information systems, or marketing)
- Environmental Studies
- Human Services
- Mathematics
- Outdoor Education

ADMISSIONS

For information and application materials, write Director of Admissions, Montreat College, P.O. Box 1267, Montreat, North Carolina 28757 or call 1-800-622-6968 or e-mail at narnett@montreat.edu. Application should be made through the regular application process, and all formal application materials should be submitted to the Director of Admissions.

REQUIREMENTS FOR ADMISSION OF FRESHMEN

1. Formal application including a (optional) photograph.
2. An application fee of $15 which is not refundable.
3. An official transcript of high school credits indicating successful completion of requirements for graduation with a diploma, or State High School Equivalency Diploma, or record of successful completion of General Educational Development (GED) tests.
4. Medical Examination Report and Immunization Record filled out in full and signed by a physician. North Carolina State law requires all students attending a public or private college or university to submit proof of immunizations prior to registration. All records of immunization must be certified either by a physician's signature, a Health Department stamp, or a copy of North Carolina School Health Record. Dismissal from school is mandatory under the law if these immunization requirements are not met.
5. Scholastic Aptitude Test (SAT) scores from the College Entrance Examination Board, Princeton, N.J. 08540, or American College Testing (ACT) scores from the American College Testing Program, Iowa City, Iowa 52240, as recorded on an official high school transcript, or sent directly by the test center to Montreat College (Code No. 005423); or the TOEFL Test for international students.
6. An international student must be a graduate of a secondary school system or the equivalent and must have sufficient proficiency in the English language so he/she is able to study at the college level. International applicants who have lived in the United States for less than two years and/or have not graduated from an English speaking school must:
   a. visit the college and appear before a screening committee;
   b. submit a minimum score of 500 on the Test of English as a Foreign Language (TOEFL).

International applicants who are currently living outside the United States must have:

a. a minimum score of 500 on the TOEFL test;
b. good recommendations on English ability from a missionary or an appro-

priate agency representative, another English speaking person in the area, or a headmaster or teacher;

c. submitted an official transcript of the secondary school record, preferably including class rank.

The international student must meet the same obligations as other students including obtaining a medical examination, proving financial responsibility, and proving medical insurance.

7. Montreat College welcomes applications for admissions from students who have been home schooled. Students who complete high school are required to present documentation of their academic work. Students who complete high school in a nonregistered home school should take the GED exam and include official scores along with a record of their home school courses and an ACT or SAT score.

8. Applicants whose test scores do not meet the minumum sliding scale listed below will be considered by the Admissions Committee.

ACT	SAT	QPA	SAT[1]
17	700	2.8	830
17	720	2.7	850
18	740	2.6	870
18	760	2.5	890
18	780	2.5	900
19	800	2.4	920
19	820	2.3	940
20	840	2.2	960
20	860	2.1	980
21	880	2.0	1000
21	900	2.0	1010

[2] *Recentered SAT score.*

Minimum high school core requirements: English 4; Science 3; Social Studies 3; Math 3 (Algebra I, II, Geometry); Foreign Language 1.

REQUIREMENTS FOR ADMISSION OF TRANSFER STUDENTS

Montreat College welcomes transfer students. A minimum of sixty (60) academic semester hours with a 2.0 (C) G.P.A. will permit a student to enter with junior class status; students with ninety (90) academic semester hours with a 2.0 (C) G.P.A. will be granted senior status.

All students seeking degrees must meet the requirements as outlined under "Degree Requirements" regardless of the total credits accepted in transfer.

Transfer students must submit the following:

1. Formal application including a (optional) photograph.
2. An application fee of $15 which is not refundable.
3. An official transcript from all post-secondary institutions previously attended.
4. A statement of good standing or eligibility to reenroll from the last post-secondary institution attended.

5. An official high school transcript and SAT or ACT scores required of all applicants with less than 24 semester hours of transferable credits.
6. Scores of the Scholastic Aptitude Test of the College Entrance Examination Board or the American College Test of the American College Testing Program, sent directly by the Board to Montreat College (Code No. 005423).
7. Medical Examination Report and Immunization Record filled out in full and signed by a physician. See #4 under "Admission of Freshmen."
8. International students wishing to transfer college credit must meet the same qualifications listed in number 6 for REQUIREMENTS FOR ADMISSION OF FRESHMEN (above).

CONDITIONS OF ACCEPTANCE OF CREDIT

Determination of acceptable credit from another institution will be by the Vice President and Dean of Academics and the Registrar. Basically, only work graded "C" or better will be accepted for credit toward graduation from Montreat College. In some cases, however, grades of "D" may be accepted in view of the student's overall academic performance and other pertinent factors.

Credit will be accepted for work from accredited institutions in courses even when Montreat College offers no equivalent course, provided that the transferred course is considered to be within the general framework of the liberal arts curriculum. Information concerning acceptance of credit from non-accredited institutions may be obtained from the Registrar.

GENERAL INFORMATION

Students may enter Montreat College at the beginning of either semester. Although Montreat College has a rolling admission policy for each semester, students are strongly encouraged to apply well before the starting date of the semester they wish to enter. Housing and class space are limited, and early acceptances will receive preference.

When all application forms and credentials are received from the applicant, the Admissions Director and/or the Admissions Committee will review them, and the applicant will be notified of the decision. Each qualification of the applicant will be considered in relation to all of his/her qualifications - no one item will necessarily be the deciding factor in acceptance or rejection.

Accepted resident students are required to pay a non-refundable advanced payment of $100. Students are encouraged to make this payment as soon as possible to reserve the room of their preference; payment is required prior to pre-registration for courses.

All student records and files are kept confidential in accordance with the Family Educational Rights and Privacy Act of 1974. This act grants to all students in secondary education the right to inspect, to challenge, and to a degree control the release of information about a student in their files. The request must be in writing on forms provided in the Office of Student Services. The college has 45 days to comply with each request. Following access, the student or parent may request a hearing to challenge the contents of a record. The Dean of Students will arrange the time and place and notify the student or parent of such. Except under court order the information within a student's file will not be released without the written consent of the student. The provision excludes the custodian of the file. Anyone prop-

erly looking at a student's file must put a signed explanatory form therein.

A campus visit is the single most important step for a student in determining the right college to attend. Montreat College encourages and invites all students to visit, tour the campus, attend class, talk to professors and students, and eat in the dining hall. Individual appointments and special visitation days (see academic calendar) are available. Call 1-800-622-6968 for more information.

RESIDENCY REQUIREMENTS

Unless a student is twenty-one (21) years old or above, married, living with parents or legal guardian, or at least a junior in good academic standing, he/she will be required to live in one of the college's residence halls. Part-time and special students are not included in this requirement. Normally, student leaders and officers will be required to live on campus.

Implementation of this policy shall be by the Dean of Students. Complete information is published in the college's Residence Life Handbook.

READMISSION OF FORMER STUDENTS

Students formerly enrolled at Montreat College who for any reason have not been in attendance for the preceding semester must submit to the Admissions Office a formal application for readmission. The Vice President and Dean of Academics, the Dean of Students, and the Registrar will be consulted before a decision is made on readmission.

Students who have been enrolled at another institution and are applying for readmission to Montreat College must submit the following:

1. Formal application.
2. An official transcript from each institution attended since leaving Montreat College. Students who have not been enrolled at another institution need only submit a formal application for consideration.
3. Approval by the Vice President and Dean of Academics and the Dean of Students.
4. Medical Examination Report and Immunization Record filled out in full and signed by a physician. See #4 under "Admission of Freshmen".

ADMISSION OF SPECIAL AND PART-TIME STUDENTS

Students may be admitted to the college to take fewer than 9 total academic hours for their personal edification, without pursuing a degree. Students wishing to enter under the "special" classification should make formal application and indicate their desired admission status.

A special student wishing to take 12 or more credits in one semester must apply as a regular student through the Admissions Office. A maximum of 18 credits earned while a special student will be applied toward a degree program. A student is considered part-time when he or she is seeking a degree, has been accepted as a regular student, and takes fewer than 12 credits in a given semester.

TIME SHORTENED DEGREE OPPORTUNITIES
ADVANCED STANDING

Montreat College accepts and provides numerous programs by which students may accelerate their academic careers, have a wider range of course choices, and reduce the overall length of time spent in completing degree requirements, such as:

1. Early Admission: This program allows superior students to be admitted following completion of the junior year in high school. Applicants will be considered on an individual basis by the Admissions Committee. For additional information, contact the Admissions Office. No student will be considered who has less than a "B" average for all high school work attempted.

2. Dual Enrollment: This program permits a student to take on-campus courses simultaneously at Montreat College and another educational institution, such as a high school. These credits earned prior to high school graduation would permit a student to have advanced standing placement. For more information, high school students should contact the Admissions Office or the Registrar.

3. Increased Course Load: Students with a 2.75 average the preceding semester at Montreat College may obtain written permission from the Vice President and Dean of Academics to carry up to 21 1/2 semester hours.

4. Summer Session: Students may earn credit by attending the summer sessions.

5. Credit by Examination: A student may participate in a variety of credit-by-examination programs in order to earn credit toward degrees awarded by Montreat College. A maximum of 30 semester hours may be awarded through any combination of these programs. Credit will be received as pass/ fail. No credit will be granted for any course in which the student is enrolled, or was enrolled and failed to meet the course requirements. These tests may be taken only one time. These programs are explained below:

a. Advanced Placement Program (APP) - This credit by examination program is sponsored by the College Entrance Examination Board for evidence of completion of a college-level course taken in the high school. Scores of 3, 4, or 5 will be accepted.

b. College Level Examination Program (CLEP) - This CLEP Subject Area examination will award credit toward graduation to students who earn scores equal to grades of "C" or better. (Only 3 hours English composition credit accepted.) Students may make arrangements by August 1 to take the CLEP Subject Area examinations on campus before the beginning of school.

c. Proficiency Examination Program (PEP) - These examinations, sponsored by the American College Testing Program, cover some subject areas not currently offered by other national credit-by-examination programs, and credit will be granted for scores which reach Montreat College's standards.

d. Servicemen's Opportunity Colleges Course Credit (SOC) - Veterans may submit through SOC a record of courses completed while in the armed service.

e. Montreat College Divisional and Departmental Proficiency Testing - Tests will be administered during the Orientation-Testing Period.

f. Modern Foreign Languages - A student who is placed by examination into Intermediate or higher French or Spanish will be exempt from taking the elementary course of that language and granted 6 hours credit if a "C" or better is earned in the advanced-level course.

FINANCIAL INFORMATION

Montreat College tries to insure that the opportunity for Christian higher education be given to all who desire it. By endeavoring to keep expenses at a minimum and by offering a substantial and comprehensive financial aid program, Montreat College provides educational opportunity for many students who otherwise might not be financially able to attend college. NO QUALIFIED STUDENT SHOULD HESITATE TO APPLY BECAUSE OF LACK OF FINANCIAL RESOURCES.

TRADITIONAL PROGRAM FEES
TUITION, ROOM AND BOARD: 1995-96

	Per Semester	Per Year
Full-time Tuition*	$4,345.00	$8,690.00
Room and Board**	$1,770.00	$3,540.00
Resident Student Rate	**$6,115.00**	**$12,230.00**

*Full-time tuition is charged to students taking more than nine semester hours.
**Room charge based on double occupancy. Additional charge for private room is noted below.

SPECIAL INSTRUCTIONAL FEES: 1995-96

Discovery	Per Course	$475.00
Horseback Riding	Per Course	$125.00
Skiing: Cross-country	Per Course	$ 60.00
Downhill	Per Course	$180.00
Applied Music (piano, organ, voice)	Per Course	$ 80.00

OTHER CHARGES: 1995-96

Advance Deposit (Nonrefundable)		$100.00

Audit Fee	Per Course	$ 25.00
Part-Time Tuition	Per Credit Hour	$200.00
Local Phone Service		No Charge to Residential Students
Extended Basic Cable Television Service		No Charge to Residential Students
BTI Authorization Code for Long Distance Service		No Charge
Basic Accident & Sickness Insurance Program		No Charge to Full-Time Students*

** International students must be self-insured.*

Student accounts are assessed for library fines, damaged property, parking fines, etc., as those charges are incurred.

PAYMENT OF TUITION, FEES, ROOM AND BOARD

Tuition and fees are due on or before registration for each semester. Bills showing estimated charges are mailed to new and pre-registered students in early July and December. "Pre-paid" status is afforded those who make payment arrangements by August 1 for the fall semester and January 1 for spring semester. All students are required to attend financial registration before the start of each semester, unless they secure the prior approval of the Business Office.

For the convenience of students and their families, an annual payment plan (payable over ten months) and a semester payment plan (payable over three months) are available through Academic Management Services at 1-800-635-0120.

Students who have unpaid accounts at the college will not be permitted to register for the next semester or to graduate. Transcripts and grade reports are not issued unless all charges have been paid in full. The college reserves the right to assess reasonable costs of collection and litigation as well as levy an interest charge equal to one and one half percent (1.5%) per month on any account with a balance beyond thirty days past due.

REFUND/REPAYMENT POLICY

A student is considered enrolled for attendance purposes from the first day of classes until he/she has officially withdrawn from Montreat College or the end of the semester enrolled has been reached, whichever is first.

A "refund" refers to money paid toward college charges that must be returned to financial aid sources and/or the student. A "repayment" is the amount of cash disbursed to the student that must be repaid to federal, state, or institutional sources.

Requests for refunds are to be directed to the college Business Office. Any refund or repayment will be calculated from the date on which written notification of withdrawal is received in the Registrar's office. Nonattendance of classes does not constitute an official withdrawal. Official withdrawal forms are available in the Registrar's office.

Generally, if a student withdraws from the college during the semester, the amount of tuition, fees, room and board retained by the college depends upon the period of time the student has been enrolled.

If the student withdraws:	**The college retains:**
Before the first day of class	**0%**
2 weeks or less after the first day of class	**10%**
4 weeks or less after the first day of class	**50%**
8 weeks or less after the first day of class	**75%**
Over eight weeks	**100%**

An administrative fee of $100 will be deducted from any refund due.

Pro Rata Refunds Involving Federal Title IV Aid

For first-time students who withdraw before the end of the tenth week of class, a pro rata refund will apply, in accordance with federal law. Information on the pro rata refund is available in the college Business Office.

Allocation of Refunds and Repayments

As prescribed by federal and state law and regulations, the college is obligated to apply refunds in the following order:

Federal SLS Loan
Unsubsidized Federal Stafford Loan
Subsidized Federal Stafford Loan
Federal PLUS Loan
Federal Perkins Loan
Federal Pell Grant
Federal Supplemental Educational Opportunity Grant
Other Federal Title IV Programs
Other Federal Sources of Aid
Other state, private, or institutional aid
The student

The college is obligated to apply repayments in the following order:

Federal Perkins Loan
Federal Pell Grant
Federal Supplemental Educational Opportunity Grant
Other Federal Title IV Programs
Other Federal Sources of Aid
Other state, private, or institutional aid

Appeal Process

A student may request an exception to the college refund policy by directing a written appeal to the Vice President for Business.

CREDIT BALANCES

A student may receive a distribution of a credit balance from his/her account during the semester, though not prior to the conclusion of the drop/add period or the actual receipt of funds. The student must submit a Credit Refund Request form, which is available in the Business Office.

FINANCIAL AID

GENERAL INFORMATION

Financial assistance at Montreat College is of two types: aid based on financial need and aid based on other criteria, such as academic, athletic or achievement. Each year, the college administers over $2 million in assistance to 90% of the student body.

The Financial Aid Office is committed to helping the student/parent with funding to the best of our ability. However, the ultimate financial arrangements must be made between the student/parent and the Business Office.

A student must be classified as a full-time student to receive federal, state and institutional funding. Pell Grants and loans may be obtained by students who are less than full-time.

APPLICATION PROCEDURE

1. Apply for admission to Montreat College.
2. Complete the Free Application for Federal Student Aid (FAFSA) and send it to the College Scholarship Service, address on form, as soon as possible after January 1. Students may send photocopies of their FAFSA to the Montreat College Financial Aid Office for an early estimate of possible aid. A Financial Aid Estimator is also available.
3. The College Scholarship Service will return the Student Aid Report (SAR) to the applicant. The applicant MUST send the SAR to the college Financial Aid Office.
4. Financial aid decisions are made after a student has been offered admission and after all documents regarding the family's financial situation are received. Students are notified via an official award letter which must be returned within fifteen days after receipt.
5. Students eligible for educational benefits through Veterans Administration, the Social Security Administration or Vocational Rehabilitation should apply directly to these agencies and inform the Financial Aid Office.
6. STUDENTS MUST REAPPLY EACH YEAR FOR FINANCIAL AID.

TYPES OF FINANCIAL AID

Financial aid usually is awarded in a "package" or combination of different types of assistance from various sources. Scholarships, grants, long term loans, and employment are integral parts of the financial aid program, and some portion of the aid offered is normally in each of the forms.

Scholarships and grants are non-repayable gifts. Those available are Montreat College academic, athletic and program scholarships and grants as well as those from outside the college including: state grants (North Carolina Legislative Tuition Grant for North Carolina residents and those portable from other states for out-of-state students), Pell Grants, Supplemental Educational Opportunity Grants (SEOG), North Carolina Contract Grants, and state student incentive grants.

Loans available to Montreat College students include Federal Stafford Loans (subsidized and non-subsidized), Perkins Loans, Federal Parents' Loan for Under-

graduate Students (PLUS), Federal Supplemental Loans for Students (SLS), and limited institutional loans.

Work programs administered by the Financial Aid Office are the Federal College Work Study Program (CWSP) and the Montreat College Work Program.

Special Scholarships

Athletic Grants
Music Scholarships
Church Matching Scholarships

Endowed Scholarships

Endowed scholarships are the source of Montreat College's general scholarship or grant aid awards. Financial aid awards generally combine money available from several of these funds, and applicants should not apply for specifically named scholarships.

Additional Scholarships Which Are Available Through the Presbyterian Church (U.S.A.)

Appalachian Scholarship
National Presbyterian College Scholarship
Samuel Robinson Scholarship

Application information is available through the college's Financial Aid Office.

STATEMENT OF SATISFACTORY PROGRESS FOR FINANCIAL AID PURPOSES

To be eligible to receive Title IV federal funds, Pell Grants, SEOG, Federal College Work Study, Federal Perkins Loans, Federal Stafford Loans or state and institutional aid, a student must maintain satisfactory progress in his/her course study.

A student at this institution will, assuming all other eligibility requirements for payment of federal state and institutional aid are met, be eligible to receive federal, state and institutional aid for a maximum of one and one-half the number of hours required for completion of the degree or diploma program.

Students will be considered to be making satisfactory progress for purposes of receiving federal, state and institutional aid if they meet the criteria outlined in the chart under section "Good Academic Standing and Satisfactory Progress" on **page 26.**

A student who does not meet the requirements at the end of a semester will lose all eligibility for federal, state and institutional funding for the following semester. There is not a grace period. The student will be re-evaluated at the end of the following semester and if he/she meets the minimum requirements they will receive funding for the upcoming semester.

If a student is declared ineligible and is waiting on a grade change, *the deadline is 4:00 p. m. on the third day of class for that semester.* **If the Financial Aid Office does not have verification by that deadline, the student will not receive funding for that semester.**

If a student drops below full-time status during the semester, all aid will be deleted with the exception of the Pell Grant and loans when applicable.

REGISTRATION

During official registration periods students will confer with their advisors and secure the advisor's signature before submitting registration, or any changes of registration, to the Registrar. Credit will be awarded only for courses in which the student is officially enrolled.

1. Eligibility for Course Registration: Courses numbered 100 and 200 are open to all students; 300 level are normally open to sophomores, juniors, and seniors; 400 are open to juniors and seniors. However, no student with a cumulative QPA less than 2.00 may enroll in any 300 or 400 level course without permission of the Vice President and Dean of Academics.

2. Repeating Courses: A student may repeat a course in which a "D" or a "F" was received, in which case only the better of the two grades is calculated in the student's cumulative quality point average. The student is reminded that the above policy is institutional. No assurance can be given that other colleges will treat repeated courses in the same manner.

3. Adding a Course: With the advisor's and professor's signature of approval, a student may add a course no later than the first week of regularly scheduled class meetings of a semester.

4. Dropping a Course: A student may withdraw from a course without an entry on his/her permanent record during the first week of regularly scheduled class meetings of a semester. After the first week, but before 4 weeks, with the signatures of the professor and advisor, a student may be permitted to withdraw from a course; and an entry of "W" will be recorded on the student's record. Upon withdrawal after 4 weeks, a grade of "WF" will be recorded, unless the Vice President and Dean of Academics or the Academic Affairs Committee makes an exception. Such is usually granted only for illness, accident, or death in the family.

5. Auditing Courses: A student who wishes to audit a course must register for that course as an auditor. Registration is accepted only when approved by the

appropriate Professor and the Registrar. The Professor is required to report whether or not the audit was completed successfully.

6. Correspondence Work: Normally, no credit will be allowed for courses taken by correspondence. The Academic Affairs Committee will, however, consider appeals for correspondence courses on a case-by-case basis.

REQUIRED COURSES FOR CONTINUING IN SCHOOL

Full-time students and/or resident students who are not enrolled in the required courses for remaining in college and who have not completed work in them will be subject to suspension from the college by the Academic Affairs Committee. All full-time students and/or resident students must be enrolled in the following courses: Bible 101 and 3 hours from Bible 102 or 103 until successfully completed; and one-half semester hour of General Studies each semester enrolled. A student may not withdraw from any of these courses. If any course required to remain in college is not offered during a semester when it is needed, this requirement may be waived by the Vice President and Dean of Academics until the course is available.

Any nontraditional student who by reason of requirements of employment has conflicts with General Studies or physical education activity requirements may have these modified or waived by the Vice President and Dean of Academics.

POLICY REGARDING GENERAL STUDIES

Students living off campus and working full-time may be exempt from the college's requirement to register for General Studies as follows:

Married and single-parent students living off campus and working full-time may be exempt from the college's requirement to register for General Studies as follows:

(1) If a student holds a full-time job off-campus in which he or she works 25 or more hours per week, the student may be exempt. Verification in writing from the employer is required.

(2) If a student has a family where children require care, the student may be exempt.

(3) If a student is commuting a distance of more than 30 miles roundtrip, the student may be exempt.

All requests must be made in writing to the Academic Affairs Office prior to registration or no later than one week following the beginning of classes each semester.

MINIMUM AND MAXIMUM LOADS

An average academic load is sixteen semester hours per semester. All resident students are normally required to carry at least twelve semester hours exclusive of General Studies.

Students may carry up to eighteen and one-half semester hours, including General

Studies. One further course may be added based on the student's academic record and written permission from his/her advisor and the vice president and dean of academics. Only students who have at least a 2.75 quality point average the preceding semester will be considered.

TUTORING PROGRAM

The Tutoring Program is organized to assist students of all scholastic levels in reaching their academic goals. Special effort is made to reach those students who are experiencing temporary or long-range academic difficulties.

The services offered by the Program include tutoring by appointment for private tutoring on a weekly or biweekly basis; accountability conferences to assist the student in planning for academic improvement; and study skills seminars concerned with study techniques designed to be of value to the whole student body.

A list of tutors for various course is made available at the beginning of each semester.

GRADING SYSTEM

Montreat College operates on the semester system. The academic proficiency of a student is indicated by the following letter system:

A	4.00
A-	3.66
B+	3.33
B	3.00
B-	2.66
C+	2.33
C	2.00
C-	1.66
D+	1.33
D	1.00
D-	0.66
F	0.00

I - Indicates incomplete work.

W - Indicates withdrawal during the first four weeks of the semester, or withdrawal due to certified medical reasons (see 4 below).

WF - Indicates withdrawal after the first four weeks of the semester with a failing grade given.

X - Indicates a course which has been audited and in which attendance requirements have been met.

*Superior/Pass/Fail - Internship, Field Education, Pre-Practicum, and General Studies

*Superior/Pass - Indicates that the credit hours for the course are deducted from the total hours needed for graduation but does not affect the GPA.

*Fail - Indicates nonsatisfactory work and is calculated in the GPA.

NOTE CONCERNING GRADING SYSTEM

1. A grade of "I" automatically becomes an "F" if not removed by midterm of the following semester. No quality points are assigned for an incomplete grade. A course in which the student has earned a grade of "I" is not counted when computing the overall GPA.

2. "WF" will become automatic unless the Academic Affairs Committee rules otherwise. A course in which the student has earned a grade of "WF" is counted when computing overall GPA.

3. All grades are final three months after the date of issuance.

4. If a course grade of "F" has been incurred prior to withdrawal, it will not be removed by withdrawal from the course or from the college.

Note: Normally grades will only be changed due to a computational error within three days from the start of the next semester. Under no circumstances will a student be allowed to do makeup work to improve his/her grade once final grades have been submitted. All grade changes must be approved by the Division Chairperson with a copy forwarded to the Vice President and Dean of Academics.

GRADE POINT AVERAGE (GPA)

The quality point average each semester is computed by dividing the total number of quality points earned by the total number of hours attempted. Courses with a notation of "W" will not be counted as hours attempted in computing quality point average; grades of "F,"and "WF," will be counted as hours attempted. No quality points are assigned for grades of "F," "WF," "W," "X," or Superior/Pass/Fail. Cumulative quality point average is computed on all courses taken excluding Field Education, Internship, Pre-Practicum and General Studies.

PROGRESS REPORTS

The final grade in each course is assigned and recorded at the end of each semester. Unsatisfactory mid-semester progress reports are given directly to students in 100-200 level courses by the faculty. Students receiving unsatisfactory mid-semester progress reports will be given a form developed by the faculty member on which students must list/describe the ways in which they will commit to trying to improve their grades before the end of the semester. This form must be turned in to the faculty member by the next regular class meeting.

CLASSIFICATION OF STUDENTS

At the beginning of each semester, all students are officially classified by the Registrar. Class standing is based on the following:

	Semester Hours Earned	Required Cumulative QPA at End of Year
Freshman	0-29	1 .75
Sophomore	30-59	2.00
Junior	60-89	2.00
Senior	90 and over	2.00

First-time Freshmen: New students who have no college credits prior to the immediately previous summer sessions, or who have only college credits taken while still a high school student.

Transfer: A student who after high school graduation and prior to the immediately previous summer session has been enrolled in another postsecondary institution before enrolling at Montreat College.

Readmission: A student readmitted to the same program level of instruction after an absence of one or more regular sessions.

Students are classified as:

Full-time: A student enrolled in twelve or more semester credit hours.

Part-time: An off-campus student enrolled in fewer credit hours than the full-time load.

Special: A student who is not a candidate for a degree and who cannot be classified by academic level, although taking courses in regular classes with other students.

Audit: A student taking noncredit course work or credit course work for no credit.

HONORS

Graduation with Honors for Baccalaureate Degrees:

summa cum laude	3.85 - 4.00
magna cum laude	3.70 - 3.84
cum laude	3.50 - 3.69

Scholarship Pins, the highest academic award at Montreat College, are awarded annually to those students who have met the Scholarship Certificate requirements for three years.

Scholarship Certificates are awarded each year to those students who have met The Distinguished Scholars' List or The Dean's List requirements for two consecutive semesters.

The Distinguished Scholars' List is made up of those students who, during the previous semester, have met the following requirements: (1) received a quality point

average of 3.90 or above on academic work (2) taken at least twelve hours of academic work, (3) completed the minimum requirements in General Studies satisfactorily; (4) received no grade of "I," "F," "WF;" (5) maintained a satisfactory citizenship record.

The Dean's List is made up of those students who, during the previous semester, have met the following requirements: (1) received a quality point average of between 3.5 and 3.89 on academic work (2) taken at least twelve hours of academic work; (3) completed the minimum requirements in General Studies satisfactorily; (4) received no grade of "I," "F," "WF"; (5) maintained a satisfactory citizenship record.

Alpha Chi, one of the three most prestigious national honor societies, maintains the North Carolina Tau Chapter at Montreat College. Active membership is based on: 1) Good reputation and character, 2) Rank in the top 10% of the junior and senior classes, and 3) Regular student status at Montreat College for not less than one academic year prior to election.

The Faculty Service Award is given to a graduating senior who has evidenced effective Christian citizenship and who is recognized as having made an outstanding contribution to the life of the college.

The Kim Trapnell Servant Leader Award is awarded annually to the student who, in the opinion of the student services personnel, best demonstrates a servant's heart in leading others through service, attitude and relationships within the college community.

Who's Who Among Students in American Universities and Colleges representatives are selected according to scholarship ability, participation and leadership in academic and extracurricular activities, citizenship, and service to the school, and potential for future achievement.

The Elizabeth H. Maxwell Literature Award may be given to a graduating senior who has demonstrated outstanding achievement in literary studies as determined by the English faculty. In order to be eligible, a student must have met the following requirements: (1) majored in English; (2) maintained a QPA of 3.2; (3) taken at least one course from each full-time member of the English faculty; (4) demonstrated creativity and maturity in the field of literary studies.

The Montreat College History Award may be given at the close of the academic year to a graduating senior deemed especially outstanding as a student of history. The recipient is usually a history major or minor.

The Greybeard Players Theatrical Excellence Award is available to sophomores, juniors, and seniors who have documented financial need and who have demonstrated excellence and potential in the field of theatrical arts through exemplary participation in the work of *The Greybeard Players.*

The Music Award recognizes the graduating senior(s) who has contributed most to the music program, in both academic and extracurricular music classes and activities.

GOOD ACADEMIC STANDING AND SATISFACTORY PROGRESS

Full-time students are in good academic standing and making satisfactory progress if they meet the criteria outlined in the following chart and pass a minimum of nine (9) credit hours per semester.

Good Standing and Satisfactory Progress					
At the end of the academic year	First Year	Second Year	Third Year	Fourth Year	Fifth Year
Term a student in	I II	I II	I II	I II	I II
Good Standing must have completed	9 21 credits	33 45 credits	58 71 credits	84 98 credits	113 128 credits
with a Quality Point Average of at least	1.20 1.40	1.60 1.80	2.00 2.00	2.00 2.00	2.00 2.00

When extenuating circumstances exist (such as but not limited to injury to the student, illness of the student, or the death of a parent) the Vice President and Dean of Academics may waive the above requirements and may declare a student to be in good standing and making satisfactory progress even though he/she fails to meet one or both of the above criteria.

Withdrawal from courses and grades of "Incomplete" will not affect good standing or academic progress provided the student meets the criteria indicated in the above chart.

ACADEMIC PROBATION

Any student whose earned credits and cumulative average fail to meet the criteria established in the chart for his/her level will be placed on **academic probation** for the next semester. If at the end of that semester his/her credits and cumulative average are still below the required minimum the student will be placed on **final probation** for the following semester. If the necessary criteria have not been achieved by the end of final probation, the student will be suspended. Students on academic or final probation may lose certain kinds of financial aid.

ACADEMIC SUSPENSION

The administration reserves the right to suspend a student from the College because of poor scholarship. Any student on academic or final probation who fails to meet the requirements of probation will be subject to **academic suspension** without refund of fees.

In addition, academic suspension may occur if:

(1) a student on final probation fails to achieve the necessary *criteria of good academic standing and satisfactory progress for his/her level.*

(2) a student fails to meet attendance requirements in General Studies,

(3) a student is consistently neglectful of his/her academic responsibilities and/or shows insufficient academic progress.

A student who is suspended by the Vice President and Dean of Academics has the right of appeal to the Academic Affairs Committee. A student who is suspended by the Academic Affairs Committee has the right of appeal to the Vice President and Dean of Academics or to the President.

Any student who is suspended for academic reasons may reapply to the College after one regular semester. If readmitted, the student will be placed on academic probation. Work undertaken in summer school and averaged into the previous semester's work will be considered in evaluating a student's probationary status.

ACADEMIC GRIEVANCES

(1) A student wishing to appeal any academic decision which directly affects the student should first appeal to the faculty member or administrator making the decision.

(2) If not satisfied, an appeal may be made in writing within two weeks to the Academic Affairs Committee which will provide a written response within two weeks.

(3) Final appeal may be made directly to the Vice President and Dean of Academics in writing within seven days of the decision by the Academic Affairs Committee. A written response will be returned within seven days.

CLASS ATTENDANCE

Each professor will prepare class attendance requirements and will distribute these in writing to the students, to the Vice President and Dean of Academics, and to the Academic Affairs Committee at the beginning of each semester. It will be the responsibility of the professor to enforce the regulations and to include the manner of enforcement in the written description. Attendance regulations for General Studies will be posted at the beginning of each semester.

Students wishing to obtain written excuses for death in the family, emergency

absences, etc., should obtain these from the Dean of Students.

Students on academic or final probation shall have no more than three absences (excused and unexcused) in any course. Absences in excess of 3 may result in a grade of "F" for that course.

Students who miss more than 20% of the classes in any course may receive a grade of "F" for that course. In the event of extenuating circumstances, appeal for readmission may be made to the Academic Affairs Committee.

Registration in a course obligates the student to be regular and punctual in class attendance, beginning with the first meeting of the class. Absences will be counted from the first day of classes. The responsibility for work missed because of unavoidable absence rests entirely upon the student. See the Student Handbook for detailed information concerning class attendance policy and procedure.

FINAL EXAMINATIONS

A student absent without excuse from a final examination may receive a failing grade in the course. Excuses from final exams are extremely rare and granted only in case of illness or death in the immediate family.

CHANGE OF SCHEDULE

Changes of schedule are not encouraged, but necessary changes in registration may be made by the use of forms obtained from the advisor. All changes must be approved by the faculty advisor, the professor of the dropped or added course, and the Registrar.

Courses may be dropped during the first four weeks of the course with a notation of "W." If a course grade of "F" has been incurred prior to this time, it will not be removed by dropping the course. After four weeks a student who drops a course automatically receives a grade of "WF" unless the Academic Affairs Committee makes a recommendation to the contrary.

If students attend a course or section for which they are not officially registered, they will not receive credit for the work. If they do not attend a course or section for which they are officially registered and do not officially drop the course through the Registrar's Office, they will receive a grade of "F" for that course.

GRADUATION

Commencement ceremonies are for baccalaureate degree graduates only, and all seniors receiving diplomas are expected to be present. A fee of $10 will be charged for any diplomas which have to be mailed to graduates who are not present. Graduating seniors may purchase caps and gowns and invitations through the campus store. Only students who have completed all requirements for graduation will be permitted to participate in commencement ceremonies.

SUMMER SESSION

Montreat College reviews the need to offer a summer session annually. The decision to have a summer session is announced by the beginning of the spring semester.

A student who wishes to enroll in the summer courses offered by another institution must receive approval to do so from the Registrar and complete the necessary forms required by that office. Failure to follow this procedure may result in loss of transfer credit for these courses.

Completion of the summer school permission form entitles the student to full credit on all summer credits earned. All grades, passing or failing, and the quality points are recorded and computed into the student's average at Montreat College. Credit for approved summer work is treated as if it were earned at Montreat College. Work undertaken in summer school and averaged into the previous semester's work will be considered in evaluating a student's academic status for the following fall semester.

INTERNSHIP/FIELD EDUCATION

Montreat College offers two distinct opportunities for field experience: Internship and Field Education.

In an internship students are normally employed full-time in an off-campus job. This is generally done during the summer months. The MINIMUM internship assignment is six (6) consecutive weeks of on-site work of at least thirty (30) hours per week for three (3) hours credit.

In a field education assignment, the student may be employed either part or full-time to gain work experience. The ratio of hours worked to credit received is approximately 45:1. The typical range of credit for field education is from one to six (1-6) hours.

General program guidelines are established by the Internship Advisory Committee. Specific program requirements and credit allowable for an internship or field education assignment are determined by the department and academic advisor in consultation with the student. Further information on internship/field education may be found in the Montreat College Internship/Field Education Manual.

TRANSCRIPT OF RECORD

The official record of the academic accomplishment of each student who enrolls is maintained by the Registrar. A copy of this record is the transcript. All courses attempted, grades awarded, degrees conferred, and the major program of baccalaureate degree recipients, along with identifying personal data, are certified on the transcript. One transcript is furnished without charge, upon written request of the student. A charge of $2.00 is made for each additional transcript. Faxed transcripts will

be $5.00 per copy. Unofficial transcripts for a student's personal or general use may be sent directly to a student.

WITHDRAWAL FROM THE COLLEGE

A student withdrawing from the college for any reason must obtain a withdrawal form from the Registrar's Office and return it properly completed. If the withdrawing student fails to follow this procedure, he/she will not be entitled to an honorable dismissal. Full charges will be made and no refunds given to students who fail to complete the withdrawal form.

If the withdrawal occurs after the last day for dropping courses a grade of "WF" will be recorded for each course unless the Academic Affairs Committee rules otherwise or unless the withdrawal is due to certified medical reasons.

RIGHTS RESERVED BY THE COLLEGE

The College reserves the right to add or delete courses and requirements or to alter the catalog at any time. The College also reserves the right not to offer any course for which there are fewer than six students enrolled.

It is the routine policy of the college to make public certain information about its students. In compliance with the Family Educational Rights and Privacy Act (P.L. #93-380), Montreat College will continue the policy of releasing directory information defined by the Act to include the following categories of information: student's name, address, telephone listing, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institute attended by the student.

Students who do not wish to have any or all of such directory information released without their prior consent must notify the Registrar of this fact in a signed and dated statement specifying items not to be published. This notice must be received by the Registrar's office within five days after the beginning of the session of first enrollment.

To facilitate campus communication, Montreat College publishes an in-house roster.

The College reserves the right to exclude from the College any student whose academic work is unsatisfactory, whose character and morals are not consistent with the ideals of the College, or whose influence is detrimental to the spirit of the College.

By accepting admission into the college, a student is agreeing to abide by all official regulations of the college including those published in this catalog.

While this catalog presents policies and programs as accurately as possible as of the date of publication, the college reserves the right to make such changes as future circumstances may require.

DIRECT TRANSFER PROGRAMS

Transfer students who have earned the associate degree in arts or science and who meet the minimum requirements for admission to Montreat College will receive transfer credit for all courses taken at the following colleges which correspond to, or which are considered equivalent to, courses offered at Montreat College.

Alamance Community College ..... Haw River, NC

DEGREE PROGRAMS

ACADEMIC DIVISIONS

The curriculum at Montreat College is distributed among six academic divisions. The divisions with their respective departments and degrees are:

Business Administration
Dr. Goodwin (Chairperson)

Department	Degrees Offered
Business Administration	Bachelor of Science with concentrations in: Accounting Management Quality Management Sports Management Management Information Systems Marketing

Christian Ministries
Dr. Glassford (Chairperson)

Department	Degrees Offered
Bible and Religion	Bachelor of Arts with concentration in: Liberal Arts or Christian Education Bachelor of Science with concentration in Christian Education
Biblical Languages	
Christian Education	
Christian Ministries	
Cross-Cultural Studies	
Philosophy	

Human Development
Dr. Lewis (Chairperson)

Department	Degrees Offered
Human Services	Bachelor of Arts Bachelor of Science
Health	

Physical Education
Psychology
Sociology

Humanities
Dr. Gray (Chairperson)

Department	Degrees Offered
American Studies	Bachelor of Arts
Art	
English	Bachelor of Arts with concentrations in: Literature, Communications, and English Education
History	Bachelor of Arts with concentrations in Historical Studies or History-Social Studies Education
Languages	
Music	

Natural Science
Mr. Davis (Chairperson)

Department	Degrees Offered
Biology	
Chemistry	
Environmental Studies	Bachelor of Science
Mathematics	Bachelor of Arts Bachelor of Science
Physics and Astronomy	
Outdoor Education	Bachelor of Science

Teacher Education
Dr. Chesky (Chairperson)

Department	Degrees Offered
English Education	Education Licensure (9-12)
History/Social Studies	Licensure (9-12)

ACADEMIC ADVISING

Upon enrollment, students will be assigned a faculty advisor to assist them in clarifying their education objectives, planning their programs, utilizing their resources, and meeting the requirements for graduation. Whenever possible students will be assigned a faculty advisor from the department in which their interest lies. When

students declare their major, usually sometime during the sophomore year, they will be assigned to an advisor in their major field.

Students and faculty advisors work together with the Registrar in arranging an orderly program of study leading toward graduation. Indeed, the close monitoring of students' progress is an important goal of Montreat College. However, it remains the students' responsibility to become familiar with and to fulfill all degree requirements.

REQUIREMENTS FOR THE BACCALAUREATE DEGREE

In order to be graduated from Montreat College students must fulfill the following requirements:

(1) Earn a minimum of 126 semester hours.

(2) Achieve a cumulative quality point average of at least 2.00

(3) Complete the General Education Core requirements.

(4) Successfully complete at least 33 semester hours in 300 level or above courses.

(5) Earn a grade of "C" or better in courses counted toward the major or the minor field.

(6) Fulfill all obligations to the College.

(7) Fulfill residency requirement of two semesters and the completion of the last 31 semester hours at Montreat College with the exception that students in residence for three semesters or more may complete 12 of the 31 semester hours at other approved colleges.

(8) Successfully complete all requirements in the major field. A major is a concentrated, directed, and focused study of a specific academic discipline (for example, Business Administration). Normally, a major will require that students engage in specialized study in that discipline (and/or other, closely related ones) with the majority of the course work at the 300-400 level. The minimum number of semester hours allowed in any major field of study at Montreat College is 30 hours.

(9) Students transferring in with senior status must successfully complete at least twelve hours in their major subject at Montreat College.

(10) Successfully fulfill area knowledge competency requirements (mathematical computation, oral expression, reading, writing and computer). In addition, most degrees require a senior demonstration of competency in the major field. Normally, competency in the major will be measured by Major Field Achievement Tests or the equivalent administered to students just prior to graduation.

(11) All seniors will take and pass a Senior Writing Competency test during their final year. Students choose from several writing scenarios and compose three to five pages on a timed essay. A committee of the faculty evaluates the test for: a) clarity (including principles of good writing, e.g., mechanics), organization, and support: b) attempts at integrating faith and learning; and c) analysis, critical; thinking, and problem solving. Students, the registrar, and advisors are notified of the results. Students who are not successful are allowed another opportunity to demonstrate competency before graduation. Failing students will be given specific feedback for improvement. Stu-

dents must pass the test to graduate. Students who fail the retake will be given a plan for improvement. The evaluating committee, in coordination with the student's advisor, will determine the best options for improvement. The student will retake the examination towards the end of the completion of the plan.

A deficiency of more than 12 hours will necessitate the student's return to Montreat College if he/she wishes to graduate from the College.

Students are normally subject to the academic requirements stated in the catalog which was current when they registered. A student who leaves the College and is later readmitted must meet the requirements current at the time of readmission.

Students whose first language is not English and who are successfully meeting the English competency requirement at Montreat College may have their first language substituted for the foreign language requirement for the bachelor of arts degree. Twelve hours of electives may be substituted; six of these hours must be in the humanities. English 311, Advanced Writing, is strongly suggested as one of these humanities courses.

DUAL MAJOR

Students may work toward a dual major. Through a comprehensive, concentrated, and diverse education, students with a dual major demonstrate to potential employers breadth, depth, flexibility, and persistence.

To complete a dual major, a student must fulfill:

1) the General Education Core requirements, and
2) the designated requirements of both majors.

When two majors have common course requirements, students will be permitted to count the required courses toward both majors. Students with dual majors should expect to take overloads, attend summer school, and/or attend an extra semester to fulfill the requirements for both majors.

PRE-PROFESSIONAL STUDIES

Students interested in careers in medicine, law, criminology, and so on are reminded that the best preparation, according to graduate school advisors in these areas, is a solid liberal arts degree. For example, if you are interested in law, a degree in English or history would be excellent preparation; if you are interested in medicine, a degree in English, history, or environmental studies would be excellent. Consult your advisor for additional information.

GENERAL EDUCATION CORE REQUIREMENTS

Courses*	Credit hours
1. English 101-102 (172) plus one from English 201,202,203,204	9
2. Bible 101; 102 or 103	6
3. Mathematics 101 or above	3

4. Natural Science: 8
   Astronomy 101, 102
   Biology 101-102
   Chemistry 201-202
   Physics 131, 132, 201, 202
5. Social Science 9
   History 101-102 plus
   one elective above 100 level in Economics, Sociology, Psychology, History or Political Science
6. Humanities (from at least two areas):
   a) Art 101, 102
   b) Music 101, and 200 and above courses, exclusive of applied music courses
   c) Spanish
   d) French
   e) Philosophy 201, 202, 301 or History 302
   f) Bible above 100 level
   g) English above 100 level
7. Physical Education Activities 2
8. TOTAL HOURS 46 hrs. plus 1/2 hour of General Studies for each semester enrolled

* All institutional competency requirements in English, mathematics, oral communication, reading, and computer literacy must also be fulfilled.

In order to be graduated, each student must demonstrate competency in the following specific areas: mathematical computation, oral expression, reading, writing, and computer literacy. Competency in these areas may be demonstrated as follows:

A. MATHEMATICAL COMPUTATION COMPETENCY Mathematical computation competency may be demonstrated in one of the following three ways:

1. Grade of "C" or better in Math 101 or above.
   OR
2. Passing a math test covering material in any mathematics course 101 or above.
   OR
3. Appropriate placement scores.

B. ORAL EXPRESSION COMPETENCY

The purpose of this competency is to prepare graduates who can demonstrate skill in oral communication. Specifically, students will give extemporaneous oral presentations that either inform or persuade. Competency will be achieved when students demonstrate - in the context of oral presentations - clarity of thought, originality of ideas, orga-

nization techniques, appropriate diction, critical thinking, supporting strategies, and effective delivery.

In order for students to be graduated with an associate or baccalaureate degree, they must meet one of the oral competency requirements as follows:

1. Grade of "C" or above in English 221 (Principles of Speech).
   OR
2. Give three satisfactory oral presentations (minimum of five minutes each) according to guidelines established by the English Department. The instrument for evaluating these oral presentations is developed and housed with the English Department.

C. READING COMPETENCY

Reading competency may be demonstrated in one of the following two ways:

1. Grade of "C" or above in a literature course (English 201, 202, 203, or 204);
   OR
2. Appropriate placement scores.

D. WRITING COMPETENCY

Writing competency may be demonstrated in one of the following three ways:

1. Grades of "C" or above in both English 101 and 102 (172).
   OR
2. Appropriate CLEP or APP scores.
   OR
3. Passing a writing test based on a series of writing assignments including a research component.

E. COMPUTER COMPETENCY

Normally prior to completing 60 credit hours, all students must demonstrate computer literacy by:

1. Successful completion of Computer Science 101 or Computer Science 201 with a grade of "C" or better or
2. Successful completion of the Computer Competency Examination or
3. Transfer credit received for successful completion of a comparable course taken at another college or university.

COURSES OF INSTRUCTION

COURSE NUMBERING SYSTEM AND ABBREVIATIONS

The first digit of the course number generally indicates the level of the course. Courses numbered 010-099 are subcollege level, institutional credit only, and

noncredit for graduation courses.

Courses numbered 100 and 200 are open to all students; 300 level are normally open to sophomores, juniors, and seniors; 400 are open to juniors and seniors. However, no student with a cumulative QPA less than 2.00 may enroll in any 300 or 400 level course without the permission of the Vice President and Dean of Academics.

The second digit of the course number is used at the discretion of the College, with the following exceptions for the second digit:

151 indicates a special studies course
161 indicates a seminar
171 indicates an advanced course
181 indicates an independent or directed study course
191 indicates comprehensive examination or senior thesis or project.

The third digits are usually odd-numbered courses for those normally taught in the fall, and even-numbered in the spring.

The figure in parenthesis after the course title tells the credit in semester hours; for example, for 101 English Composition (3), the figure (3) means three semester hours.

The following list of standard abbreviations will be used for the departments:

AR	Art
AS	American Studies
AT	Astronomy
BB	Bible and Religion
BL	Biology
BS	Business
CC	Cross-Cultural Studies
CE	Christian Education
CH	Chemistry
CM	Christian Ministries
CS	Computer Science
ED	Education
EN	English
ESL	English as a Second Language
EV	Environmental Studies
FR	French
GE	General Education
GG	Geography
GR	Greek
HB	Hebrew
HD	Human Development
HL	Health
HS	History

HU	Human Services
MS	Music
MT	Mathematics
OE	Outdoor Education
PC	Physics
PE	Physical Education
PH	Philosoph
PL	Political Science
PY	Psychology
RD	Reading
SC	Sociology
SP	Spanish

Note: Courses designated by hypenated numbers, e.g. 101-102, and by numbers separated by commas, e.g. 101, 102, continue throughout the year. Use of the hyphen indicates that the course must be taken in the listed sequence.

Not every course listed in the catalog will be offered each year. The college will publish each semester a listing of each course to be offered for that semester including the time, place, and professor.

DEGREE REQUIREMENTS

AMERICAN STUDIES AS

Dr. Risher, Coordinator, Dr. Crawford, Dr. Forstchen

The Bachelor of Arts degree with a major in American Studies is allied with the History program in many ways, but provides a concentration in the wider areas of study and life in the United States. The candidate will take courses dealing with American literature, social institutions, economic development, religious life, and other related areas. One requirement will be original research dealing with specific facets of life in the United States, including its variety of subcultures.

The course is also designed for international students who are seeking primarily an "American course of study" apart from the more narrow specialization they have already followed; for someone who may be returning to his native land to teach English and some American history or sociology; and for those U.S. citizens who intend to pursue graduate studies in American Studies in other parts of the world. In addition, this degree forms a basis for pre-legal, pre-ministerial, or pre-criminology careers.

REQUIREMENTS FOR A MAJOR IN AMERICAN STUDIES

1. Courses required for the General Education Core. (46 hours plus 1/2 semester hour of General Studies for each semester enrolled)
2. Four semesters of French, Spanish, any other approved foreign language, or the equivalent. (12 hours)

3. Required courses in the major: 42 hours

American Studies	401
Business	101
English	321, 322, 323
History	201, 202, 303, 304, 309, 401, 402, 490
Political Science	201

4. Required Course outside of the major: 2 hours

Philosphy	461

5. Required electives from among the following courses: 9 hours

Business	203, 204
Cross Cultural	201
General Education	441, 461
History	321, 351, 404, 480
Philosophy	202
Sociology	204, 205
Teacher Education	420

6. General Studies plus academic electives to bring total to 126 semester hours. Refer to pages 53 and 54 for Requirements for the Baccalaureate Degree.

ART AR

Mr. Southerland

REQUIREMENTS FOR A MINOR IN ART (18 HOURS)

Courses	Semester Hours Required
Art 101 or 102	3
Art Electives	9
Art 303, 304	6

Solo-Exhibition of Art/Research in final semester.

BIBLE AND RELIGION BB

Dr. Glassford (Chairperson), Dr. Bamberg, Mr. Bonner, Dr. Van Brocklin

The Bible and Religion Major offers two areas of concentration: Liberal Arts and Christian Education.

The student who elects the Liberal Arts concentration (Program A) will earn a Bachelor of Arts Degree. This program is designed to prepare students to enter theo-

logical seminaries or graduate schools of religion in preparation for the pastoral/teaching ministry and other church related vocations. The degree is concentrated in Biblical Studies including the use of the Greek New Testament by the senior year. Students may elect to specialize further in either Biblical Languages or Worldview Studies.

The student electing the Christian Education concentration (Program B) may earn either a Bachelor of Arts or Bachelor of Science Degree. The Christian education concentration seeks to provide students with the necessary theoretical and practical skills for serving in one of the following areas of specialization: Children's Ministry, Youth Ministry or Cross-Cultural Studies. This concentration aims at providing a balance of instruction in educational leadership, counseling communication, and understanding of people of varying ages within their cultural context from the perspective of a Reformed Worldview. Graduates in this area are prepared to pursue graduate studies and are equipped with the skills to work with children, youth, and families in a variety of organizations such as churches, community social programs, schools and para-church organizations both in the USA and other cross-cultural contexts. An off campus supervised practical experience provides an invaluable dimension to this concentration. With the minors available at Montreat College, the student pursuing a Bible and Religion major can easily add courses which will enhance their preparation.

REQUIREMENTS FOR A MAJOR IN BIBLE AND RELIGION

1. Courses required for General Education Core (46 hours plus l/2 semester hour of General Studies for each semester enrolled).
2. Complete the Bible and Religion Core. (24 hours).
   Bible 203, 204, 211, 302, 303, 305, 306, 308
   Philosophy 461
3. Participate in a cross-cultural learning experience. This requirement can be fulfilled through participation in an appropriate off-campus study program or field education/internship experience. (1-6 hours)
4. Complete one of the following programs:

Program A: Liberal Arts Concentration

Greek 201, 202, 301, 302
Philosophy 201, 301, 491, plus the required courses for one of the following specializations:

Liberal Arts specialization requires an additional nine hours selected in consultation with one's advisor from the recommended electives for Program A (30 hours).

Biblical Language specialization requires Hebrew 301, 302 (29 hours)

Worldview Studies specialization requires Philosophy 202 plus anadditional six hours selected in consultation with one's advisor from the recommended electives for Program A (30 hours).

Program B: Christian Education Concentration. The Christian education concentration is comprised of the Bible and Religion Core; the requirements for the B.A. are: four semesters of French, Greek, Spanish (or any other approved foreign language), or the equivalent (12 hours) and for the B.S. are twelve semester hours of any combination of courses in business (including computer science) or the natural sciences (including astronomy, biology, environmental studies, chemistry, physics, and/or mathematics). {These courses may not be counted as part of the General Education core},

Christian Education 201, 403
Christian Ministries 201, 301, 302, 303,
General Education 441 (Internship)
Required courses for one of the following specializations:

Liberal Arts specialization requires an additional nine hours selected in consultation with one's advisor from the recommended electives for Program B. The student may elect to substitute Philosophy 491 for General Education 441 (41 hours).

Children's Ministry specialization requires Christian Education 401, Christian Ministries 402, Human Development 300 (41 hours)

Youth Ministry specialization requires Cross-Cultural Studies 301, Christian Ministries 403, Human Development 301 (41 hours)

Cross Cultural Studies specialization requires Cross-Cultural Studies 301, 402, 403 (41 hours).

Recommended Electives for Program A.

Bible 301, 207/307, 309, 351, 402,
Christian Education 201, 403,
Christian Ministries 201, 301, 303
*Other courses may be used to meet this requirement with the permission of the Division Chairperson.

Recommended Electives for Program B.

Any additional courses in Bible, Cross-Cultural Studies, Christian Education, Christian Ministries, Greek, Hebrew.
Psychology 412, 414
Sociology 204, 205, 415
English 209 (Children's Ministry specialization)
*Other courses may be used to meet this requirement with the permission of the Division Chairperson.

Additional Graduation Requirements

1. General Studies plus academic electives to bring total to 126 semester hours. Refer to pages for Requirements for the Baccalaureate Degree.
2. Maintain a good citizenship record at Montreat College.

3. Receive an assessment of satisfactory or superior on divisional competency exams. (Note: This will include a competency exam in Bible and Religion, and the area of concentration. A student failing the examination twice may be required to do additional course work to demonstrate competency.)

REQUIREMENTS FOR A MINOR IN BIBLE AND RELIGION (18 hrs.)

Courses	Semester Hours Required
Bible, Greek, Hebrew	12
Cross-Cultural Studies , Christian Education, Christian Ministries	6

(At least 12 of the 18 hours must be at the 300 or 400 level.)

BUSINESS ADMINISTRATION BS

Dr. Goodwin (Chairperson), Ms. Britton, Mr. McDanel, Mr. Sullivan, Mr. Walters

The Bachelor of Science degree in Business Administration is designed to produce graduates who: (1) are able to integrate creatively their business education and leadership skills into effective Christian service; (2) are broadly educated citizens and capable, ethical and competent Christian business leaders; (3) are well grounded in the free enterprise economic system and are able and motivated to make worthwhile contributions toward improving our economic system; (4) possess the requisite knowledge of leadership and management philosophy to make positive contributions in their professional careers; (5) are able to administer their personal and family finances according to sound scriptural and business principle; (6) possess the leadership, quantitative, technical, psychological, social, and communication skills necessary to be effective leaders in the coming century; and (7) are adequately prepared to pursue degrees at the graduate level.

REQUIREMENTS FOR A MAJOR IN BUSINESS ADMINISTRATION

1. Courses required for the General Education Core (46 hours plus 1/2 semester hour of General Studies for each semester enrolled). Business students should take Math 214 in the Core.
2. Lower-level requirements for the major (30 hours):
Business 101, 201, 202, 203, 204, 205, 209, 214, 230. Computer Science 201.
3. Qualification for entrance into the upper level of the major:
Students must complete Business 205 with a grade of C (2.0) or better and Math 214, Business 201, 202, 203, 204, and 214 with an average of C (2.0) or better for these courses as a group in order to be admitted to the upper level courses in the major.

4. Upper-level requirements for the major: Comprised of the Business Core: Business 306, 309, 311, 462, Philosophy 461, (14 hours) plus one of the following concentrations:

A. Accounting (19 hours):
Business 315, 316, 317, 318, 417, 418

Note: The accounting concentration is a rigorous program designed to meet the educational requirements to sit for professional examinations. Students may sit for the CMA exam with a BS degree. Requirements to sit for the CPA exam differ between states. In most states, students who wish to sit for the CPA exam need to complete 24 hours beyond the 126 semester hours required for graduation. In effect, most State Boards of Accountancy have mandated a fifth year of education for CPA exam candidates.

B. Management (18 hours):
Business 303, 304, 307, 308, 313, 441

C. Quality Management (30 hours):
All the courses under Management, plus Business 310, 403, 404, 438

D. Sports Management (29 hours):
All the courses under Management, plus Business 210, Business 337, 423, Physical Education 302

E. Management Information Systems (18 hours):
Computer Science 200, 210, 310, 360, 410, 451

F. Marketing (18 hours):
Business 331, 335, 336, 338, 437, 441

5. Recommended electives: Business 320, 402, 405, 406

6. General Studies plus academic electives to bring the total to 126 semester hours. Refer to pages 35 and 36 for Requirements for the Baccalaureate Degree.

REQUIREMENTS FOR A MINOR IN BUSINESS ADMINISTRATION (18 hours)

Eighteen hours of courses to include: Business 101, 203, 209, plus nine hours of business courses at the 300 or 400 level.

REQUIREMENTS FOR A MINOR IN COMPUTER INFORMATION SYSTEMS (18 hours)

Eighteen hours of courses to include: Computer Science 101, 201, 360, plus 9 hours from the following courses: Computer Science 103, 210, 310, 410, 451.

TEACHER EDUCATION ED

Dr. Chesky (Chairperson), Dr. Forstchen

The Teacher Education Division offers licensure (i.e., certification) programs in English and History-Social Studies Education. (See program C under the English and program B under the History requirements.) The teacher preparation program leads to a B.A. in either English or History and a Class A North Carolina teaching license. The program also pledges free and comprehensive assistance to students for their first two years of teaching. (Contact the Division Chair for more information.)

The goal of the teacher education program, based in the programmatic theme, "The Teacher as Reflective Communicator," is to produce liberally educated, content knowledgeable, pedagogically sound, and thoroughly articulate teachers who, through reflection, learn to adjust content and method for a given audience, purpose, and context. The objectives of the teacher education program are detailed below. (The goals and objectives for the English and History programs, including the objectives for the English Education and History-Social Studies Education programs are included under English and History.)

Professional Education Objectives

Based on the mission of the college, a sound liberal arts education, and a major in a content-specific major, and through the force of the programmatic theme, the courses and experiences offered in the professional education curriculum are designed to foster in each student:

1. The knowledge of current schools, schooling, and teaching as a profession; including the historical, social, spiritual, and philosophical foundations of American education; organizational, curricular, and legal aspects; and trends affecting schools and teaching;
2. The knowledge of the characteristics of students who make up the schools, including human growth and development (cognitive, moral, social, spiritual, physical, and emotional); and the culturally diverse and exceptional populations of students;
3. A knowledge of the psychological principles and theories that underlie effective educational practices, including developmental processes, individual differences and motivation, learning theory, measurement and evaluation, and teacher behavior;
4. A knowledge of the interrelated processes of listening, speaking, reading, writing, and viewing, including how to teach the reading and writing processes;
5. A knowledge of and facility with the three primary teaching strategies: presentation, questioning, and induction, including organizing, managing, and evaluating teaching and learning; using related media,research-related to student achievement; and content-specific research and practice;
6. The necessary tools for a successful internship, including the ability to integrate theoretical and practical knowledge and experience; the knowledge and skills necessary to maintain a classroom environment conducive to learning; and the ability to make decisions through knowledge, reflection, and caring, and through an integration of faith and learning;

7. A desire to become a lifelong learner, particularly through association with professional organizations.

Entrance Requirements for All Teacher Education Students

Acceptance in Montreat College is not the same as acceptance into the Teacher Education Curriculum. Admission to Teacher Education is open to all Montreat College students who meet the standards established by the College's Teacher Education Committee (TEC) and the N.C. State Department for Public Instruction (SDPI).

To Be Admitted into the Teacher Education Program:

1. Must complete Education 101, Field Experience I and Education 202, Introduction to Teacher Education;
2. Take and pass the Praxis reading (176), writing (173), and mathematics (173) examination;
3. File a CPC form and be interviewed by the Director of Teacher Education or his or her designee;
4. Have a 2.5 (or better) QPA, with a "C" or better in all major and education courses.
5. In no case will a student be permitted to complete more than one-half of the professional studies sequence (excluding student teaching) prior to being formally admitted into the teacher education program.

To Continue in the Program:

1. Maintain the academic requirements as stated above;
2. Have a grade of "C" or above in all course work in his or her major and in education courses; and
3. Complete a CPC Form each year until certification requirements have been completed.

To Enter the Student Teaching Block:

1. Have a 2.5 (or better) QPA;
2. File an "Application for Student Teaching" with the Teacher Education Division by September 15 to student teach in the spring semester. A late fee of $25 will be charged for an application received after that date. Furthermore, applications received after December 1 will not be considered until the next semester.
3. Have the recommendation from the major department (departmental signature on form).

To Complete the Program:

1. Maintain a 2.5 (or better) QPA;
2. Complete the student teaching experience (a "C" or better);
3. Pass Professional Knowledge (649) and Subject Assessment (English: 705; Social Studies: 509);
4. Complete all forms for certification; and
5. Complete all degree and certification requirements.

These policies and procedures are explained in greater detail in the Teacher Education Handbook. Students will purchase a copy in Education 202; faculty advisors will have a copy for advising.

Requirements of Licensure in Teacher Education

To receive a teaching license students must major in English or History and take the appropriate track. (See program requirements under English and History.) In addition, students must take the licensure courses in education.

Teacher Education Concentration for Licensure (32 hours)

Human Development 301 (3 hours)
Education 201, 202, 301, 302, 304, 321, 341 (11 hours)
English 410 or History 408 (3 hours)
Education 411, 425, 465, 470 (15 hours)

ENGLISH EN

Dr. Gray, (Coordinator), Ms. Britton, Dr. Chesky, Mr. Fuller, Dr. King, Ms. Lundblad

The Bachelor of Arts degree with a major in English expands the core of a liberal arts education by offering students: (1) a broad exposure to significant literary texts and (2) enhancement of writing and other communication skills.

Undergirding these studies is the union of Christian faith and intellect as a foundation on which graduates may build meaningful lives of service.

Students majoring in English may look forward to careers in business, education, journalism, technical writing, public relations, and the ministry. In addition, students interested in graduate school in the areas of creative writing, communications, journalism, law, literature, media production and theater - as well as those who plan to go to seminary - should consider a major in English.

REQUIREMENTS FOR A MAJOR IN ENGLISH

1. Courses required for General Education Core

(46 hours plus 1/2 semester hour of General Studies for each semester enrolled).

2. Four semesters of French, Spanish, any other approved foreign language, or the equivalent (12 hours).
3. Complete one of the following programs:

Program A. Literature: (41 hours)

English 201, 202 and either 203 or 204	9 hrs.
English 301	3 hrs.
English 321, 322, 323	6 hrs.
English 311 or 313	3 hrs.
English 402	3 hrs.
English 491	2 hrs.
Additional hours in English at or above the 300-level	15 hrs.

Program B. Communications: (41 hours)

English 201, 202, 203, 204	6 hrs.
English 221 or 222	3 hrs.
English 227, 231, 232, 235, 327, 331, 332, 337, 431, 432	3 hrs.
English 301	3 hrs.
English 311, 312, 313, 314, 315	9 hrs.
English 491	2 hrs.
Additional hours in English at the 300-level or above	15 hrs.

Program C. English Education: (71 hours)*

I. Core (46 hours)**

1-5. As outlined in catalog.

6. Humanities: Art 101 or Music 102, Philosophy 201, Psychology 202, English 221
7. Physical Education 145 plus one other activity course

II. Literature and Communications (42 hours)

English 201, 202	6 hrs.
English 203 or 204	3 hrs.
English 221, 315	6 hrs.
English 227, 327, 337	1 hr.
English 311, 312, 313	3 hrs.
English 301, 310, 443, 491	11 hrs.
English 321, 322, 323	6 hrs.
Additional hours in English at or above the 300-level	3 hrs.
English Seminar in Intercultural Studies	3 hrs.

III. Teacher Education Concentration (29 hours)

Human Development 301	3 hrs.
Teacher Education 102, 202, 301, 302, 304, 321, 341	11 hrs.
English 410	3 hrs.
Teacher Education 411, 420, 465, 470	12 hrs.

* Note: All students planning on teaching must either take Program C or take all courses in Program C.

** See advisor for four-year long-range schedules.

4. Required courses outside the major (5 hrs.)
   Philosophy 461
   Philosophy 201 or Philosophy 202
5. General studies plus academic electives to bring total to 126 semester hours. Students are reminded that at least 33 semester hours must be taken in courses at or above the 300-level.

English Education (9-12) Specialty-Area Goals and Objectives

Content-Specific: From the basis of integration of faith and learning from an informed Christian perspective, the course of study for the English major who is preparing to teach will engender in the student:

1. A knowledge of significant literary texts in American, British, and European traditions; literature from non-western and under- represented groups (e.g., women and minorities); and adolescent literature and mythology;
2. An enhancement of writing, speaking,reading, listening, and viewing skills;
3. A knowledge of the history and development of language, particularly English; and language development and acquisition; dialects; types and levels of usage; grammars, traditional and transformational;
4. A knowledge of journalistic principles and techniques; a knowledge of and demonstrated competence in the use of dramatic techniques; and a knowledge of and ability to implement forensic techniques.

English Education (9-12) Objectives: Working toward the goal of the programmatic theme, "The Teacher as Reflective Communicator," the course and experiences specific to the student's preparation as a teacher of English will engender in the student:

1. Knowledge of the materials, resources, methods, and strategies for teaching English in the secondary schools,and how to incorporate such knowledge in populations;
2. A knowledge of the secondary English curriculum, with particular emphasis on objectives, lesson plans, and unit plans, and on the North Carolina Standard Course of Study;

3. A knowledge of and ability to implement methods of teaching literature, grammar, speech, listening, reading, writing, and viewing;
4. A knowledge of adolescent literature and non-print media and of criteria for selection and evaluation, on appropriate teaching methods, and on multi-cultural perspectives; and
5. An integration of theory and practice, and faith and learning; and a commitment to life-long learning.

REQUIREMENTS FOR A MINOR IN LITERATURE (18 hours)

Eighteen hours of literature courses, at least 12 of which must be 300 level or above. Students must select courses from: English 201, 202, 203, 204, 301, 302, 303, 306, 308, 310, 311, 313, 321, 322, 323, 401, 402.

REQUIREMENTS FOR A MINOR IN COMMUNICATIONS AND THEATER (18 hours)

English 221	3 hrs.
English 231, 232	1 hr.
English 312, 314, 315, 341	12 hrs.
English 331, 332, 431, 432	2 hrs.

ENVIRONMENTAL STUDIES EV

Mr. Daniel, Dr. Lassiter (Coordinator), Mr. Sonnenberg, Mr. Perry

The Bachelor of Science degree with a major in Environmental Studies develops a strong background in scientific principles that are applicable to a broad range of disciplines and environmental issues. The program is committed to integrating a liberal arts education with a Christ-centered perspective and application to environmental issues, conflict resolution, and management. The program utilizes biological, chemical, and ecological course work and field experiences to establish application in a wide range of related arenas. In addition the program provides the courses basic to admission for further academic or professional training (i.e. Medical School, graduate school, etc.) and provides opportunities for job preparation through independent projects, teacher education, internships and seminar training.

REQUIREMENTS FOR A MAJOR IN ENVIRONMENTAL STUDIES

1. Courses required for General Education Core including Biology 101, 102; Math 214, and Philosophy 202 (46 hours plus 1/2 semester hour of General Studies for each semester enrolled).

2. Required courses in the major (34 hours).

Biology 201; 310; 401	11 hrs.
Chemistry 201, 202	8 hrs.
Environmental Studies 206, 301, 302, 405, 430, 431	15 hrs.

3. Complete one of the following Environmental Programs:

Program A: Professional Emphasis: (24 hours):
Chemistry 320, 321
Mathematics 203, 204
Physics 131, 132
Recommended electives:
Computer Science 451
Environmental Studies 415

Program B. Naturalist: (22 hours):
Biology 210
Environmental Studies 305, 315, 420
Outdoor Education 304; 305

Program C. Independent Emphasis: minimum requirement of 6 courses and 22 hours: A student can transfer a set of courses from other institutions, that are applicable to an environmental discipline. If this transfer does not complete the course requirements for an emphasis, any courses taken at Montreat College can be proposed as a development of the transferred unit. Such programs must be approved by the student's academic advisor and by the Environmental Studies Review Committee. (The certification programs offered by Au Sable Institute would be an example of this emphasis.)

Program D. Interdisciplinary Emphasis: minimum requirement of 6 courses and 22 hours: Courses from any department of Montreat College that are related through an individual student's interest can be pursued after a submitted proposal is approved by the Environmental Studies Review Committee.

4. Philosophy 461 (2 hours)
5. Recommended electives:
   Business 101
   Environmental Studies 440, 450
   General Education 210
   Outdoor Education 243
6. General Studies plus academic electives to bring total to 126 semester hours.
   Refer to pages 35 and 36 for Requirements for the Baccalaureate Degree.

MINOR IN ENVIRONMENTAL STUDIES

Environmental Studies: 20 hours of courses from Biology, Chemistry, or Environmental Studies including Biology 101 and 102 and Environmental Studies 206.

MINOR IN FOREIGN LANGUAGES (18 hours)

Ms. Britton, Mrs. Hilliard

Eighteen hours in foreign languages beyond the elementary level (a minimum of 6 hours at the 300 level or above).

HISTORY HS

Dr. Risher, (Coordinator), Dr. Crawford, Dr. Forstchen

The Bachelor of Arts degree with a major in History is designed to educate a student broadly in his or her understanding of man's past, and of those events and forces leading up to the present and contributing to the future. The student will be broadened in a knowledge of the world and its cultures, brought to heightened perceptivity of the human scene, and encouraged to formulate a worldview which is based on fact, remaining sensitive to the human condition, and bringing to bear both analytical skills and a lively faith. The student will be brought to an integration of personal faith and philosophy with the cognitive knowledge of historical facts.

Included in the major are a survey of the world's history and of the history of the USA, a serious look at one or more non-Western cultures and their development, a study of a foreign language, and eventually, a concentration on precise areas of historical study.

A major in History may lead to graduate studies in history, theology, law, political science, and administration; even business and medicine are not to be excluded. A graduate in History may also find employment in administrative and government services, in libraries, public history activities and interpretation, or the many areas in education.

REQUIREMENTS FOR A MAJOR IN HISTORY

1. Courses required for the General Education Core (46 hours, plus l/2 semester hour of General Studies for each semester enrolled).
2. Four semesters of French, Spanish, any other approved foreign language, or the equivalent (12 hours).
3. Each student should choose to follow either Program A or B.

Program A: Historical Studies (32 hours)
History 201, 202, 490 (9 hours)
Philosophy 461 (2 hours)

Electives from the following (21 hours):
Business 204
History 301, 302, 303, 304, 305, 306, 308, 309, 351, 401, 402, 403, 404, 480

Program B: History-Social Studies Education (67 hours)*

I. Core: (46 hours)
1-4. As outlined in catalog
5. History 302, Psychology 202
6. Humanities: Art 101, or 102 or
Music 101
English 221

7. Physical Education 145 plus one other activity course

II. History (21 hours)
History 201, 202, 304, 404, 490 (18 hrs.)
History 301, 303, 305, 306, 308, 309, 401, 402, 403, 480 (3 hrs.)

III. Social Studies (23 hours)
Business 203, 204
Geography 313
Human Development 301
Philosophy 461
Political Science 201
Sociology 204
Seminar in Intercultural Studies

IV. Teacher Education Concentration (36 hours)
Education 102, 202, 301, 302, 304, 321, 341
History 408
Education 411, 420, 465, 470

** Note: All students planning on teaching must either take Program B or take all courses in Program B.*
*** See advisor for four-year long-range schedules*

4. Recommended electives
   Anthropology
   Business 203, 204
   Philosophy 201
   Political Science
   Sociology
5. General Studies plus academic electives to bring total to 126 semester hours. Refer to page 53 and 54 for requirements for the Baccalaureate Degree

MINOR IN HISTORY (18 hours)

Courses	Semester Hours Required
History 201, 202	6
History Electives at 300-400 level (May include Humanities 301 and Humanities 302)	12

History-Social Studies Education (9-12) Specialty-Area Goals and Objectives

Content-Specific Objectives. The primary goal of the history-social studies program is to provide each student the experience necessary for attainment of the knowledge, skills, and attitudes necessary for preparing prospective teachers to enable their students to become effective and contributing citizens. To insure the realization of this primary goal, the history-social studies program enables prospective teachers to:

1. Develop concepts and make valid generalizations that provide insights into political, economic, and social behavior of people;
2. Become proficient in geography skills and in the skills needed for problem solving, decision making, planning and participation;
3. Acquire knowledge about (a) the structure and functions of the social, political, and economic institutions in American society; (b) the development and unique characteristics of past and present societies; and (c) issues and problems which have persisted throughout history;
4. Develop a system of values consistent with the fundamental tenets of democracy;
5. Develop constructive attitudes toward diversity, change, conflict, and uncertainty;
6. Develop an understanding of oneself and one's relationship to others and to the environment;
7. To seek to develop a sense of informed curiosity which will stimulate further research and deeper understanding; and which will engender a desire to seek to stimulate the same curiosity in the prospective teacher's students.

History-Social Studies Education (9-12) Objectives. Working toward the goal of the programmatic theme, "The Teacher as Reflective Communicator", the courses and experiences specific to the student's preparation as a teacher of History-Social Studies will engender in the student:

1. A knowledge of the materials, resources, methods, and strategies for teaching Social Studies in the secondary schools; and how to incorporate such knowledge in exceptional and multi-cultural populations;
2. A knowledge of the secondary Social Studies curriculum, with particular emphasis on objectives, lesson plans, and unit plans, and on the North Carolina Standard Course of Study;
3. A knowledge of non-western and minority history, and on multi-cultural perspectives;
4. An integration of theory and practice, and faith and learning; and a commitment to lifelong learning.

HUMAN SERVICES HU

Dr. Lewis (Chairperson), Mrs. Copenhaver, Dr. Hayes, Mr. Snell

The Bachelor of Arts/Science degree with a major in Human Services will prepare students for working with the rapidly changing structure of our contemporary society. Specialists are being called upon more and more to assist in answering the pressing needs that affect the health of child, marriage, and family life. Human Services prepares students for several areas of service in governmental and social agencies as well as in churches and Christian organizations. Furthermore, studies in Human Services provide students with a sound foundation for graduate programs in the social sciences, Christian education, and clinical and social service fields. This major blends theory in human development, counseling, and social work, with supervised off-campus field experience in a variety of human service settings.

REQUIREMENTS FOR A MAJOR IN HUMAN SERVICES

1. Courses required for General Education Core including Mathematics 214, Sociology 204 and English 221 (46 hours plus 1/2 semester hour of General Studies for each semester enrolled).
2. BACHELOR OF ARTS DEGREE IN HUMAN SERVICES
   Four semesters of French, Spanish, any other approved foreign language, or the equivalent (12 hours).
   OR
   BACHELOR OF SCIENCE DEGREE IN HUMAN SERVICES
   Twelve semester hours of the following courses:
   Astronomy
   Biology
   Business 209, 303, 307, 309 (6 hours maximum)

Chemistry
Computer Science 101, 201
Environmental Studies
Physics
Mathematics (111 or above)
These courses must be taken over and above courses taken in the General Education Core and in the major.

3. Required courses in the major (43 hours):
   Human Development 300, 301, 305, 306
   Human Services 441
   Christian Education 201, 401
   General Education 210
   Psychology 202, 315, 412, 414
   Sociology 204, 205, 311, 415
4. Required courses from other areas (9 hours):
   English 221
   Mathematics 214
   Philosophy 461
5. General Studies plus academic electives to bring total to 126 semester hours.

MINOR IN HUMAN SERVICES (18 hours)

Any six of the following courses:

Christian Education 401
Human Development 300, 301, 305, 306
Psychology 315, 412, 414
Sociology 205, 415

MATHEMATICS MT

Mr. Davis (Chairperson), Dr. Greene

The Bachelor of Arts/Science degree in Mathematics offers the student a great deal of flexibility for further study in mathematics and related fields. Careers in teaching, research, computer science, operations research, statistics, and actuarial analysis are readily available to the mathematics graduate. The problem solving skills developed in the mathematics major are broadly applicable to areas not commonly associated with mathematics. The ability to express oneself clearly, concisely and precisely learned by the mathematics major is a valuable asset for any job which requires communication with others.

REQUIREMENTS FOR A MAJOR IN MATHEMATICS

1. Courses required for the General Education Core including Math

203, and Physics 201, 202
(46 hours plus 1/2 semester hour of General Studies for each semester enrolled).

2. BACHELOR OF ARTS DEGREE IN MATHEMATICS
Four semesters of French or a foreign language approved by the Mathematics Department (12 hours).

OR

BACHELOR OF SCIENCE DEGREE IN MATHEMATICS
Twelve semester hours of any combination of courses in business computer science, mathematics, or the natural sciences. The courses must be taken over and above courses taken in the General Education Core and/or the major. (12 hours)

3. Required courses for the major (36 hours):
   Mathematics 203, 204, 205, 301, 311, 401, 451, plus 12 additional hours at the 300-400 level.
4. Required courses outside the major (13 hours):
   Computer Science 103
   Physics 201, 202
   Philosophy 461
5. General Studies plus academic electives to bring the total to 126 semester hours. Refer to page 20 for Requirements for the Baccalaureate Degree.

MINOR IN MATHEMATICS (18 HOURS)

Mathematics 203, 204, 205, plus 6 hours of mathematics at the 300-400 level.

MUSIC MS

Mr. Johnson, (Coordinator), Mr. Stierwalt

REQUIREMENTS FOR THE MINOR IN MUSIC (20 hours)

Courses	Credit Hours
Music 113, 114, 301, 302	12
Applied Music	4
Concert Choir	4
Total	20

Students who declare the music minor must also take either Music 305 or Music 306 as part of their Humanities General Education Core requirements.

OUTDOOR EDUCATION OE

Mr. Daniel (Coordinator), Mr. Fortson, Mr. Guffey

The Bachelor of Science Degree in Outdoor Education is designed for students who wish to increase their competency in teaching in the outdoors. Undergirded by liberal arts requirements and Christian values, the student is offered training and experience in leading groups safely in the outdoors, teaching skills used in outdoor activities, and learning to interpret the natural environment. The program integrates both adventure education and environmental education into the same program of study. Electives and individually designed concentrations allow for development in areas of special interest such as camping, outdoor leadership, missions, park ministry, environmental interpretation, adventure therapy, and environmental ethics.

REQUIREMENTS FOR A MAJOR IN OUTDOOR EDUCATION

1. Courses required for the General Education Core including Biology 101, 102, Psychology 202, Philosophy 202, Physical Education 149 and either 2401 or 2451 (46 hours plus 1/2 semester hour of General Studies for each semester enrolled.):
2. Required courses in the major (52 hours):
   - Outdoor Education 101, 201, 211, 213 or 215, 243, 304,305, 306, 340, 400, 441, 462
   - Biology 210
   - Environmental Studies 206, 301, 305 or 420
3. Required courses in selected areas (22 hours):
   - Biology 101, 102
   - Health 102
   - Philosophy 202, 461
   - Physical Education 149, 249, 2401 or 2451
   - Psychology 202
4. Recommended Electives:
   - Astronomy 101, 102
   - Christian Ministries 303
   - English 221
   - Environmental Studies 302, 405
   - Human Development 301
   - Outdoor Education 404, 415
   - Psychology 412
5. General Studies plus academic electives to bring total to 126 semester hours.

MINOR IN OUTDOOR EDUCATION (18 hours)

Eighteen hours of Outdoor Education courses which must include Environmental Studies 206. At least six hours at the 300-400 level.

PHYSICAL EDUCATION PE

Mr. McNamara (Coordinator), Mr. Chaplain

REQUIREMENTS FOR A MINOR IN PHYSICAL EDUCATION (19 hours)

Health 101, 102	6
Physical Education 111, 201, 302, 303	8
Physical Education 341 or	3
Outdoor Education 300-400 Elective	
Additional Physical Education Activity Courses	2

Note: To meet degree requirements, a student must successfully complete two semester hours of physical education activity courses, at least one of which must be completed the first year. (Credit given only once)

COURSES

AMERICAN STUDIES AS

401. American Studies. (3): This course is designed to help students to see America through the eyes of the global community, providing insights into and an analysis of the way America is viewed throughout the world. Materials will include views of America from the literature and the popular culture of other countries as well as personal interviews with internationals.

ART AR

101. History and Appreciation of Art I. (3): A survey of painting, sculpture, architecture, and the minor arts of Western and non-Western cultures from ancient times to thirteenth century.

102. History and Appreciation of Art II. (3): A survey of painting, sculpture, architecture, and the minor arts of Western and non-Western cultures from thirteenth century to the present.

141. Drawing I. (3): An introductory studio course emphasizing the fundamentals of drawing and composition through the exploration of a variety of materials and the study of drawing by master artists.

142. Painting I. (3): A painting studio course experimenting with techniques in watercolor and acrylic paints with special projects to examine the works of renowned painters.

144. Clay I. (3): An introductory studio course exploring a variety of clay-working techniques involved in the design and creation of kiln-fired forms.

145. Design I. (3): A introductory studio course exploring the elements and organizational principles of visual design.

146. Photography I. (3): Discovery of the fundamentals of black and white photography. Theory of lenses, exposure control, negative materials, negative processing, printing the positive, flash exposure, determination and composition. Students supply their own 35 mm SLR camera, films, and print papers.

241. Drawing II. (3): A studio course examining advanced drawing problems through specific personal solutions. A written documentation will accompany the project.

242. Painting II. (3): An advanced painting studio course for developing a personal body of work in a specific painting medium. A written documentation will accompany the project.

244. Clay II. (3): An advanced studio course for developing a personal body of work in clay. A written documentation will accompany the project.

245. Design II. (3): A studio course examining advanced design problems through specific personal solutions. A written documentation will accompany the project.

246. Photography II. (3): A photography studio course emphasizing developing personal techniques and vision. A portfolio of photographic prints with written documentation is required: students supply cameras, films, and papers and ancillary equipment.

303. Current Issues in Art. (3): A course of study requiring the student to read a wide variety of literature and research and to discuss issues in art.

304. Independent Study. (3): An independent studio course, supervised by the art department, in which the student must prepare a final exhibition of personal artwork and write a major paper based on the processes and results of art course requirements for a Minor in Art.

ASTRONOMY AT

Astronomy 101. The Solar System. (4): This course will explore the historical foundations of astronomy, the laws of Newton and Kepler, the planets and their moons, and the smaller objects in our solar system. Three hours of lecture and two hours of lab per week.

Astronomy 102. Stars and Galaxies. (4): This course will explore the means by which we learn about stars and galaxies. Stellar and galactic life cycles and the origin and structure of the universe will be considered. Three hours of lecture and two hours of lab per week.

BIBLE AND RELIGION BB

101. A Survey of the Old Testament.(3): A study of Hebrew history, faith and literature. Emphasis is given to the origins described in Genesis, the religious significance of the Exodus, the Mosaic Covenant and the major teachings of the prophets. Examination is made of the relationship of God and man and the unfolding plan of redemption. *Required of all students.*

102. A Survey of the New Testament. (3): A study of the content, history, and teachings of the New Testament. Included in the course is introductory material on the theology of the New Testament and origins of the Christian Church.

103. A Survey of the Gospels. (3): This survey includes a treatment of the authorship of the four Gospels and a background study of both the Roman world and Judaism. The course surveys the life and teachings of Jesus Christ based on the four Gospels.

203. Orientation to the Bible and Religion Major. (1): An interactive class that orients the student to the Bible and Religion major. The student will develop a plan of study, explore occupational opportunities, be challenged to develop a portfolio, and introduced to the divisional policies, procedures and expectations.

204. Acts and Epistles. (3): This course opens with a survey of the Intertestamental Period and the Roman world as a background for understanding the First Century Church. The course includes a survey of the Acts of the Apostles. Careful attention is given to the Pauline letters, the General Epistles. Attention is also given to the relevance of the Apostolic Church to the contemporary Christian community. *Prerequisite: Bible 101 and 3hours from Bible 102, 103 or permission of the instructor.* (Offered alternate years.)

207/307. English Bible: (1-3): Demonstration of inductive Bible study methods and treatment of a particular book or books of the Old and New Testament based on the English text. Additional work will be required for those seeking upper division credit. May be repeated for credit as the book(s) under consideration change.

211 . Christian Doctrine. (3): A basic study of the major doctrines of the Christian faith and their application to contemporary thought and life. Includes studies in revelation, authority, the existence and nature of God, the person and work of Christ, the Holy Spirit, the Church, man, and Christian ethics. *Prerequisite: Bible 101 and 3 hours from Bible 102, 103, or approval of professor.*

301. Church History. (3): A survey of the Christian movement in history, its beliefs, its institutions, and its worldwide expansion. Special emphasis will be given to historic forms of service and ministry in the world. *Prerequisites: History 101 and 102 and Bible 101 and one from Bible102 ,103, or permission of the professor.* (Same as History 301) (Offered alternate years.)

302. Romans. (3): An intensive study of the letter and its setting in Paul's ministry. The course also treats the Biblical theology developed in the letter. (Offered alternate years.)

303. Prophetic Literature of the Old Testament. (3): A comprehensive study of the Hebrew prophets interpreted in light of their context. (Offered alternate years.)

305. Biblical Interpretation. (3): A study of the history, problems and methods of Biblical interpretation. This course includes a study of Biblical-theological themes of the Old and New Testaments. (Offered alternate years.)

306. World Religions and Contemporary Cults. (3): A survey of contemporary world religions and cults, including ethical teachings, structure, and world views.

308. Apocalyptic Literature. (3): A survey of the history, development and interpretation of Biblical Apocalyptic literature with special emphasis on Daniel and the Revelation of John. (Offered alternate years.)

309. American Church History. (3): A chronological examination of the growth, variety, and spread of Christianity in the U.S.A. Special attention devoted to frontier evangelism denominational movements, Roman Catholic developments, and modern trends *Prerequisite: History 101, 102, Bible 101, 102, or 103. (Same as History 309)* (Offered alternate years.)

351. Biblical Studies Abroad. (1-6): Selected Biblical topics or books - authors, historical developments, theological themes, missionary movements - with emphasis on their geographical and cultural settings associated with the Biblical literature. Residence abroad. Normally offered during the summer session. (Offered upon sufficient demand.)

401. Seminar in Theology/Philosophy (3): An indepth examination of a current theme, individual or movement in theology and/or philosophy. May be repeated as content varies. (Offered upon sufficient demand.)

BIOLOGY BL

101, 102. Survey of Biological Principles. (4,4): A general introductory study stressing principles common to all living organisms: their structure, function, basic chemical and physical properties, inheritance, evolution, and ecology. Three hours of lecture and two hours of lab per week. *Prerequisite for Biology 102: Biology 101 or permission of professor.*

201. Vertebrate Zoology (4): Lectures deal with taxonomy, morphology, ecology, and relationships of principle vertebrate groups. Laboratories treat ecology, population biology identification and morphology, with emphasis on local forms. Three hours of lecture and three hours of lab per week. *Prerequisites: Biology 101, 102.*

210. Botany (4): Taxonomy and ecology of indigenous flora with concentration upon vascular plants. An introduction to plant structure, function, and systems will be included. The development of a collection and the use of an herbarium will be integrated into this program's effort to survey the natural surroundings of the college. Three hours lecture, three hours lab per week. *Prerequisite: Biology 101, 102 or permission of professor.* (Offered fall semesters of odd numbered years.)

310. Plant and Animal Physiology (4): Study of cellular and organismal physiology with emphasis upon application of systems integration in plants and animals. Physiological principles will be given an application to topics in Environmental/Toxicological issues and concerns. Three hours lecture, three hours lab per week. *Prerequisite: Environmental Studies 206 or permission of professor.* (Offered fall semesters of odd numbered years)

402. Molecular, Mendelian and Population Genetics (3): Molecular, Mendelian and Population principles will be developed with the inclusion of an introduction to modern experimental techniques. The course will also explore the application of Christian values to ethical genetic issues. *Prerequisite: Biology 101, 102 or permission of professor.* (Offered spring semesters of even numbered years)

101. Introduction to Business. (3): A survey course designed to inform students of the fundamentals of business with particular attention to the historical and economic foundations of our capitalistic system; the global marketplace; social and legal environments; human resources; marketing; management information systems; and financial management.

201. Principles of Accounting I. (3): Proprietary-based treatment of the accounting cycle, financial statements, merchandising, cash receivables, payables, inventories, plant property and equipment, payroll, accepted accounting principles and partnerships. *Corequisite: Business 101.*

202. Principles of Accounting II. (3): Corporations, investment, consolidated statements, tax impact on decision, statement analysis, changes in financial position, responsibility account, manufacturing, cost process job order, standard. *Prerequisite: Business 201.*

203. Macroeconomics. (3): A study of modern explanations of national income and employment. The course will give special emphasis to the American economy, its production, the interrelationships of households, business, and government, the nature and function of money, monetary and fiscal policy, and public finance.

204. Microeconomics. (3): A study of price theory and the interplay of supply and demand in competitive markets as a multitude of individual prices, wage rates, profit margins, and rental changes are created.

205. Managerial Communications. (3): A study of managerial communications designed to assist the student in the uses of visual, oral, and written languages as managerial tools. *Prerequisite: EN101, 102 with a "C" or better. Corequisite: Business 101.*

209. Principles of Management. (3): An introductory course to management structured around the basic management functions of planning, organizing, leading, and controlling. The course explores the functions of the management process in for-profit and not-for-profit organizations, large and small. Special topics include: globalization, quality, competitiveness, teamwork, ethics, and entrepreneurship. *Corequisite: Business 101.*

210. Principles of Sports Management (3): An introduction to the sports management industry to include event organization, administration, personnel management, budgeting, contracting services and other related functions. Emphasis is placed on written and communication skills for acquiring entry level positions in sports management. *Corequisites: Business 209 or permission of professor.*

214. Quantitative Methods. (3): Models for decision making for marketing, finance, accounting, production and operations management, parametric and nonparametric statistics. An introduction to simple regression models, constrained and unconstrained optimization and other techniques. *Prerequisite: Math 214.*

230. Principles of Marketing. (3): An introductory study of the marketing process with a background in the elements of the marketing mix, the product distribution structure, the price system, and promotional activities. The importance of customer orientation is stressed. *Corequisite: Business 101.*

303. Human Resource Management. (3): A course exploring the management of human resources to help companies meet competitive challenges. Included are discussions of global, quality, social and technological challenges facing U.S. businesses and the role of HRM. Current best practices and research on motivating, training, and supporting people will be examined. *Prerequisite: Business 209.*

304. Labor-Management Relations. (3): A study of the history and development of labor relations, the structure of union organizations and the process of collective bargaining negotiations and contract administration. With declining union membership over the last ten years, special emphasis is placed on employee relations in non-union organizations. Contemporary issues include public sector labor relations and international labor relations. *Prerequisite: Business 101, Corequisite: Business 209 or permission of professor.*

306. Corporate Finance. (3): Study of financial functions of a business enterprise conducted from the standpoint of the financial manager. Emphasis on analysis, planning and control, working capital management, capital budgeting, long-term financing, financial structure and valuation, and required rate of return. *Prerequisites: Business 202, Business 214.*

307. Organizational Behavior. (3): This course examines the development and maintenance of organization effectiveness in terms of environmental effects, improving motivation, behavior modification, systems aspects, communications, structure, and the dynamics of problem solving, goal setting, team building, conflict resolution, and leadership. *Prerequisite: Business 209.*

308. Servant Leadership. (3): A study of the notion of "servant leadership" and its applicability in today's business environment. Students will examine the leadership characteristics and strategies of the Great Teacher, Jesus Christ, and compare them to historical and current models for leadership including Nehemiah, Gandhi, Greenleaf, Deming, Covey and others. *Prerequisite: Business 101, Corequisite: Business 209 or permission of professor.*

309. Business Ethics. (3): This course will include an analysis of business policies and practices with respect to their social impact, patterns of governmental regulation, political activities of trade association and other special interest groups, the relationship between public policy and the growth of corporate enterprise, and the social responsibilities of business managers. *Prerequisite: Business 101.*

310. Total Quality Management. (3): An overview of the philosophy and tools of total quality management beginning with a study of Dr. W. Edwards Deming's Theory of Profound Knowledge. Students will be actively involved in team-building exercises employing statistical tools and techniques for innovation while solving real-world productivity problems. *Corequisite: Math 214, or permission of professor.*

311. Business Law. (3): An introduction to the fundamentals of business law to familiarize students with the language, elementary principles, and methodology of the legal system. Primary emphasis is placed on the areas of contracts, agency and employment and personal property. *Prerequisite: Business 101.*

313. Production/Operations Management. (3): A study of the management of the production functions of a manufacturing business to include world-class production theory. The course will include the study of forecasting, location analysis, allocating

resources, designing products and services, scheduling activities, and assuring quality of outputs. *Prerequisite: Math 214, Corequisite: Business 214.*

314. Advanced Business Law. (3): A continuation of Business 311 with an introduction to the international legal environment and coverage of international transactions, commercial paper, antitrust and the Uniform Commercial Code. Course objectives include aiding students in becoming aware of special legal problems of business and assisting students in gaining a background for the CPA examinations. *Prerequisite: Business 311.*

315. Intermediate Accounting I. (3): Financial accounting theory and practice underlying the accounting process. Topics emphasized include asset and liability accounts, the related income measurement, valuation, and reporting problems associated with these accounts. Three hours of lecture with two hours of lab. *Corequisite: Business 202.*

316. Intermediate Accounting II. (4): A continuation of Intermediate Accounting I. Topics emphasized include analysis of stockholders' equity accounts, income determination problems, changes in accounting methods and estimates, fund statement, statement analysis, and special problems. *Prerequisite: Business 315.*

317. Cost Accounting. (3): Introduction to cost accounting, definitions and objectives. Topics emphasized include cost-volume profit relationships, job order accounting, budgeting, systems design and human motivation, flexible budgets, standard costs, contribution approach to decision, cost allocation, joint product and by-product costing, process costing. *Prerequisite: Business 202, Corequisite: Business 214.*

318. Accounting Information Systems. (3): An in-depth treatment of internal control and related accounting procedures, authorization and documentation, flow charting and scheduling. Design of accounting systems to provide information of financial reports and to meet legal requirements for adequacy of accounting record and internal controls. Development of skill and expertise required for the study of contemporary accounting systems and internal auditing. *Prerequisites: Business 202 and Computer Science 201.*

320. International Business. (3): A study of the approach to doing business in other nations and cultures. The influences of political systems, competition, economic systems, social, legal, and technology environments on the main business functions (marketing, production, finance) and business effectiveness will be examined. *Corequisite: Business 203.*

331. Sales Administration. (3): A course on the professional, ethical, needs-based, non-manipulative, low-pressure, consultative approach to sales. Theories of selling, communicating, time management, and the relationship of sales to marketing and promotion are covered. Ethical business issues are examined in simulated selling situations. *Corequisite: Business 230.*

333. Marketing Distribution. (3): A study of the nature and importance of industrial markets to include classification of industrial products, characteristics and determinants of industrial market demand and application of marketing strategy to industrial customers. The importance of JIT and other distribution and transportation systems in the domestic and international arenas are explored. *Corequisite: Business 230.*

335. Retailing Management. (3): This course employs a balance between a descriptive and conceptual approach for understanding the retailing industry and the decisions made by retailers. Types of retailers, trends in retailing, needs of customers, and factors affecting store and merchandising choices will be examined. Extensive case analysis and actual retailer comparisons will complement the classroom discussion. *Corequisites: Business 209, 230.*

336. Principals of Advertising. (3): An overview of the non-selling methods of promotion to include advertising, sales promotion and public relations. Primary emphasis on the field of advertising to include a review of the history and economics of advertising, research, copy, layout, production, budgeting, and advertising organization. *Corequisite: Business 230.*

337. Seminar in Sports Marketing. (3): Corporations, associations, and a multitude of other organizations are increasingly turning to sporting events to win marketing, human resource development, and public relations contests. This course examines the planning, imagination, and management skills required to achieve the excitement, communications, and excellent hospitality involved in making a sport event a success. *Corequisite: Business 230.*

338. Marketing Research. (3): A study of the role of research in marketing decisions. Special emphasis on data gathering, compilation, analysis, and interpretation including the writing and analysis of surveys. Students will work on business problems with actual companies or evaluate new product concepts. *Corequisite: Business 230.*

402. Management of Not-for-Profit Organizations. (3): A practical course designed to familiarize the student with the unique management challenges of not-for-profits to include accounting and financial controls, by-laws, boards of directors, program planning, fund-raising, staffing, and community relations. Case studies of mission organizations, church administration, para-church organizations, and other non-profits are examined. *Corequisites: Business 202, 209.*

403. Team Skills and Concepts. (3): A course on the development and management of group processes particularly in regard to responsible involvement in planning and decision making. Students will learn how to organize, lead, and participate as members of project teams in improving quality and productivity while using data-based methods. Team dynamics and growth will be examined including team-building activities, handling disruptive behavior, and overcoming obstacles to quality improvement. *Corequisites: Business 308, 310 or permission of professor.*

404. Quality Tools and Techniques. (3): This course introduces the statistical tools commonly used in quality-focused organizations including: check sheets, flow charts, Pareto charts, run charts, histograms, and control charts. Students will apply these tools, along with the seven management and planning tools for continuous improvement, to improve processes and productivity using case studies. *Corequisites: Business 308, 310, 403 or permission of professor.*

405. **International Marketing.** (3): An in-depth study of the operational and cross-cultural aspects of international marketing to include the nature of competition, developmental structures and channels, price and credit policies, promotional challenges, research, product trade barriers and other international arrangements. The international competitive position of the United States is discussed and evaluated. *Corequisites: Business 230, 320.*

406. **Small Business Management.** (3): A practical course designed to familiarize the student with the application of managerial responsibilities that are uniquely critical to small businesses including entrepreneurship, location analysis, forms of ownership, financing alternatives, accounting practices, marketing and advertising techniques and inventory control. *Prerequisite: Business 209.*

417. **Taxation.** (3): Concepts and methods of determining federal income tax liability for individuals. Topics emphasized include personal deduction, tax credits, capital gain and loss provisions, accounting methods, research methodology and individual tax planning. *Prerequisite: Business 202.*

418. **Auditing.** (3): Auditing standards, types of services, analysis of reports, legal responsibility, internal control SEC requirements. Theory and practice are stressed. *Prerequisite: Business 316.*

423. **Sport Facility and Design.** (3): A course designed to teach the student a step-by-step process from visioning to selection of a building committee, working with architects, fund raising, equipment selection, space allocation, campus size, budgeting and other planning and design functions. *Corequisites: Business 210, 337 or permission of professor.*

437. **Marketing Management.** (3): An integrated course in marketing, systematically oriented with emphasis on the marketing mix, the formulation of competitive strategies, and special attention to the control function, market analysis, marketing information, and sales forecasting. Case analysis and simulation is stressed. *Corequisite: Business 338.*

438. **Case Studies in Quality.** (3): Students will assume the role of Examiners for the Malcolm Baldrige National Quality Award and conduct an assessment of a sample application written for a fictitious company applying for the Baldrige Award. Using the actual Baldrige Award criteria, student examiners will assess the application in the seven categories of the Award. The results of consensus scoring and preparation of the senior examiner's report will be the final project of this course. *Corequisites: Business 310, 403, 404 or permission of professor.*

441. **Internship.** (3): Supervised internship provides the student with the opportunity to integrate classroom instruction with on-the-job learning in an area associated with their concentration. *Prerequisites: 12 hours of Business course work.* No more than six hous may be counted toward the degree.

462. **Business Strategy and Policy.** (3): A case study and/or simulation approach designed to integrate the areas of marketing, management, accounting, finance, and economics. A capstone endeavor in which techniques from all functional areas are brought to bear on contemporary and future business problems. *Prerequisite: Senior standing in Business.*

201-202. Environmental Inorganic Chemistry. (4,4): Introduction to Chemistry for the science major. Topics to be considered will include atomic and molecular structure, nomenclature, chemical bonding, stoichiometry, properties of gases, oxidation-reduction, electrochemistry, chemical equilibra and an introduction to nuclear and organic chemistry with an environmental application. The laboratories will concentrate on chemical experimentation with qualitative and quantitative inorganic analysis. Three hours of lecture and three hours of laboratory per week. *Prerequisite: two years of high school algebra or permission of professor.*

320-321. Organic Chemistry. (4,4) The structure, nomenclature, stereochemistry, energy relations, and reaction mechanisms of major classes of organic compounds are studied in application to biological, toxicological, and environmental topics. Lecture and laboratory will include the utilization of spectroscopy data to identify compounds. The laboratory will emphasize experimental techniques of synthesis, isolation, and identification of compounds. Three hours lecture, four hours lab per week. *Prerequisites: Chemistry 201, 202 or permission of professor.*

CHRISTIAN EDUCATION CE

201. Foundations of Christian Education. (3): Introduction to the principles of Christian education in contemporary society. Survey of current theories of child and family development, as they apply to moral development and the Christian education of the family. Particular attention is placed on Biblical foundations of Christian education, local church, and the educator as an agent of change. *Prerequisites: Bible 101 and one from Bible 102, 103.*

401. Faith Development. This course will emphasize how the needs and developmental stages of individuals impact faith development. Particular attention will be given to the influence of the home and family on faith development. *Prerequisites: Christian Education 201 or permission of the professor.*

402. Facilitating Education for Older Adults. (3): This course in educational gerontology will study androgogical perspectives on teaching the older adult.

403. The Teaching and Learning Process. (3): A study of the nature of the learner, the learning process, and the teacher in the teaching/learning process. Particular attention will be given to methods of designing, planning, organizing, and interpreting the learning environment for young children.

461. Ministry to the Older Adult. (3): This seminar in gerontology assists the student in developing a project/program based upon previous gerontology courses. The student will be taught how to organize, develop, provide, and maintain programs for the older community from an androgogical perspective. *Prerequisites: Christian Education 402 and Human Development 306.*

CHRISTIAN MINISTRIES CM

201. Introduction to Christian Ministries. (2): A general introduction to ministry

with children, adolescents, and young adults focusing on the programs offered by various church and para-church organizations to address their needs.

301. Foundations and History of Christian Ministries. (3): A course in Biblical foundations and history of Christian ministries: overseas, local congregational, interdenominational, with the structure, purpose and methodology of each.

302. Organizational Leadership and Management. (3): Includes the recruitment of the laity and retention of their participation, formal and informal leadership training, time management, committee leadership, and conflict management. (Offered alternate years.)

303. Life Style Evangelism and Discipleship. (3): This course includes different techniques of Bible teaching to all age groups, organizing Bible study groups, evangelism and discipleship. Particular attention will be given to working with youth. (Offered alternate years,)

401. Components of Youth and Campus Programs. (3): This course includes the use of media and the planning of retreats, programs and other activities.

402. Ministry to Children. (3): A survey of the spiritual, mental, emotional, and social needs of the child and an examination of the church's and para-church's role in addressing these needs. Issues related to schooling choices, curriculum, educational methods and strategies, and administration of the programs for children will be examined.

403. Contemporary Youth Culture. (3): An examination of the major institutions effecting young people as well as the culture's tendency to manipulate adolescents. Special attention will be given to analyzing and critiquing current understandings of family, media, school, and peer relationships among adolescents.

481. Directed Study and Research. (3): For majors in Bible and Religion desiring work on topics of special interest in the major field. The major professor will supervise the study and have a minimum of fifteen contact hours with the student during the semester. A research paper will be required in the course. The course may be taken only once. *Prerequisite: Open to juniors who have completed twelve hours of course work at the 300 level or above and have received permission from the major professor and division chairman.*

COMPUTER SCIENCE CS

101. Introduction to Computer Science. (3): An introductory computer course which examines current trends and applications in computer utilization, hardware and software. In addition, the social implications of computers are addressed. Hands-on experience includes some programming in a computer language.

103. Structured Programming: PASCAL. (3): A course using the PASCAL programming language which is commonly implemented on microcomputers. Fundamental concepts of data processing are illustrated as well as the more advanced topics of file manipulation and dynamic data structures. *Prerequisite: Computer Science 101 or permission of professor.*

200. Management Information Systems. (3): A course introducing the student to the basic concepts of management information systems in larger organizational set-

tings. Through lectures and case studies, these concepts are related to business, non-profit organizations, industry, and governmental implementations with special emphasis on decision support systems (DSS).

201. Computer Business Applications. (3): Introduction to computer applications and associated hardware and software. Word processing, data management and spreadsheet software packages are studied. Involves extensive hands-on experience. *Prerequisite: Permission of the professor.*

210. Business Programming: COBOL. (3): A course using the COBOL programming language commonly used on contemporary business computer systems. The writing, running and debugging of programs and their related files in relation to business applications is emphasized. *Prerequisite: Computer Science 101 or permission of professor.*

310. Database Programming (3): A course introducing the student to the logic, design, implementation and accessing of organizational databases as contrasted to older conventional data file techniques introduced in COBOL programming. Particular emphasis is placed on relational database management which focuses on the logical nature of databases. Popular microcomputer based database programs will be utilized. *Prerequisite: Computer Science 210.*

360. Microcomputer Systems Analysis and Design. (3): A course emphasizing the planning, development and implementation of data processing systems on microcomputers and their operating systems. Emphasis will be placed on the systems development life cycle, systems documentation and the transition from systems analysis to design. *Prerequisite Computer Science 201 or permission of professor.*

410. Advanced Systems Analysis and Design (3): A continuation of Computer Science 360. Emphasis will be placed on systems design and implementation of information systems. Projects, including software development, will be assigned for different types of organizations (public and private). *Prerequisite: Computer Science 360.*

451. Special Studies in Information Systems. (3): This course will cover specific areas of interest in the subject of information systems not presently taught in other courses. Students will select a topic/topics relevant to their major and approved by the professor. The topics may include but are not limited to data communications, advanced systems analysis, microcomputers, advanced business software and software for educators. *Prerequisites: Computer Science 101 and Computer Science 201.*

CROSS-CULTURAL SERVICE CC

201. Comparative Cultures. (3): Designed to help the student gain a basic knowledge of the concepts and methods needed to compare and understand different cultures and/or subcultures. Instructional methods include on-site participant observation, interviews, case studies, and readings. This course is recommended for non-cultural studies majors. (Offered upon sufficient demand.)

301. Foundations of Cross-Cultural Ministry. (3): An introduction to the study of cross-cultural ministry. This course will examine the biblical theology of cross-cultural ministry, historical perspectives on the expansion of the Christian movement,

modern movements in missions, and the strategy and components of cross-cultural work being employed today.

402. Cultural Anthropology. (3): Using selected national cultures, this course teaches methods of analysis and understanding of any culture for the purpose of equipping the student to make an effective presentation of the Christian Gospel. (Offered alternate years.)

403. Cross-Cultural Communication. (3): A technical study of communication across lines of cultural and language differences. (Offered alternate years.)

481. Directed Study and Research. (3): For majors in Bible and Religion desiring work on topics of special interest in the major field. The major professor will supervise the study and have a minimum of fifteen contact hours with the student during the semester. A research paper will be required in the course. The course may be taken only once. *Prerequisite: Open to juniors who have completed 12 hours of course work at the 300 level or above and have received permission from the major professor and division chair.*

TEACHER EDUCATION ED

102. Field Experience in Education I (1): Course emphasis on local public-school observations and discussions of those observations in class. Observations will be on the grade level and in the subject area of the student's interest and based on a broad range of important educational factors, including cultural diversity, classroom management, and exceptional students. One hour of class; one-hour of field experience per week. *Prerequisite: Permission of Director of Teacher Education.*

202. Introduction to Teacher Education (1): Course emphasis on Montreat's teacher education program: the knowledge-base theme, "The Teacher as Reflective Communicator;" on the policies, procedures, and programmatic idiosyncrasies of teacher education at Montreat College, and on observations in and discussions of private schools. Designed specifically for students going into teacher education programs at Montreat College. One hour of class; one-hour of field experience per week. Prerequisite: Permission of Director of Teacher Education.

301. Field Experience in Education II (1): Course emphasis on public school observations and discussions of those observations in class. Students will tutor public-school students one-on-one in communication skills. Two hours per week of field experiences. *Prerequisite: Formal admission into the teacher education curriculum or permission of instructor.*

302. Field Experience in Education III (1): Course emphasis on several lessons to small groups and one lesson to a large group of students in the school of the student's interest. *Prerequisite: Formal admission (full or provisional) into the teacher education curriculum.*

304. Computers for Educators (1): General and content-area applications of computers for education students, augmenting overall facility with computers, computer terminology, ethical issues, and instructional uses, including Computer Assisted Instruction (CAI), Computer Managed Instruction (CMI), and Authoring Pro-

grams. Two hours of class per week. *Prerequisite: Permission of Director of Teacher Education.*

321. Communication Skills in the Content Areas (3): A study of the interrelated processes of listening, speaking, reading, writing, and viewing, with particular emphasis on reading/writing and speaking/writing connections and the teaching of reading and writing processes. Language-learning differences among exceptional and minority students explored. Offered odd numbered years in the fall. Prerequisite: Formal admission into the teacher education curriculum.

341. Educational Psychology (3): A study of the psychological principles and theories that underlie effective educational practices. Attention is given to developmental processes, individual differences and motivation, learning theory, measurement and evaluation, and teacher behavior, including the formulation of objectives. School-related observations required. *Prerequisite: Formal admission into the teacher education curriculum.*

411. General Methods (3): Study of three teaching strategies: presentation, questioning, and induction. Emphasis on micro-teaching: each student prepares and performs short, videotaped, in-class "teaches" in each of the three teaching modes. Students will study: (1) organizing and managing learning, (2) evaluating the effectiveness of instructional methods and evaluation, (3) selection of media, and (4) utilizing community resources. *Prerequisite: Formal admission into the student teaching professional/block semester.*

420. Foundations of American Education (3): A study of the profession of teaching, including historical, social, spiritual, and philosophical foundations of American education, and emphasizing the major goals, trends, and issues in education, including dealing with differentness. *Prerequisite: Formal admission into the student teaching professional.*

465. Seminar (1): The course focuses on the integration of theoretical with practical knowledge and experience, with emphasis on major issues in education, classroom management, multi-cultural perspectives, exceptional children, and becoming a lifelong learner through association with professional organizations. *Prerequisite: Formal admission into the student teaching professional/block semester.*

470. Student Teaching (5): A specifically planned ten-week student teaching experience. *Prerequisite: Formal admission into the student teaching professional/block semester.*

481. Special Topics (3): Topics determined by the education faculty. Course provides students and faculty with an opportunity to participate in directed study and the research of current educational issues. *Prerequisite: Permission of Director of Teacher Education required..*

ENGLISH EN

English 101 and 102 are required for graduation from the college and for admission into English courses at or above the 200-level with the following exceptions: English 221, 222, 227, 231, 232, 235, 327, 331, 332.

Theater workshop courses (English 231, 232, 331, 332, 431, and 432) may be

taken or repeated in any combination to total six hours. Students may be enrolled in only one of these six courses per semester.

Journalism workshop courses (English 227, 235, 327, and 337) may be taken or repeated in any combination to total five hours. Students may be enrolled in only one of these four courses per semester.

101. English Composition (3): A course in the composing process emphasizing prewriting, writing, and revision and closely supervised practice in reading and writing essays. Students will be taught that writing is a way of learning as well as a communication skill.

102. English Composition (3): A continuation of English 101. Research techniques and the writing of a research paper are included, in addition to continued practice in expository writing. *Prerequisite: English 101.*

172. **Advanced English Composition** (3): A course in advanced English composition designed to challenge students to wider and more significant reading in great literature, to deeper understanding of important issues in human life, and to practice in both oral and written expression. Students who complete this course with a satisfactory grade will fulfill the English 101-1-2 requirement and the institutional writing competency. *Enrollment only by invitation of the English Department.*

201. **Survey of English Literature I** (3): A survey of English literature before the Romantic Period. Major emphasis upon the masterpieces.

202. **Survey of English Literature II** (3): A survey of English literature from the Romantic Period to the present.

203. 204, **World Literature.** (3, 3): An examination of thematic concepts reflected in the literature of our Western heritage. In addition, 203 includes an introductory survey of world mythology and 204 includes works by authors from areas such as Africa, Asia, Eastern Europe and Latin America.

221. **Principles of Speech.** (3): A course in the preparation and delivery of original speeches, instruction in extemporaneous speaking and forensic debate. Other topics may include illustrated lectures, storytelling, stand-up comedy and British Union debate.

222. **Oral Interpretation.** (3): Designed to improve voice, diction and the ability to read orally. Emphasizes the understanding and appreciation of poetic prose and dramatic selections. Additional topics may include dialects and accents; broadcast announcing and radio drama; reading for books on tape.

224. **Literary Workshop.** (1): A laboratory class for the editor-in-chief and assistant editors of the campus literary magazine. May be taken for credit each semester for up to 4 semester hours.

227. **Introduction to Journalism.** (1): A workshop course which will familiarize students with the basics of newspaper writing and distribution through regular publication of a campus newspaper. *Prerequisite: Permission of professor.*

231. **Introduction to Acting.** (1): A studio course designed to familiarize students with the basics of oral interpretation, stage movement and rehearsal strategies. Students will perform in a one-act play or in a minor role of a mainstage production. *Prerequisite: Successful audition.*

sound, make-up, costume, set construction, and publicity. *Prerequisite: Permission of professor.*

235. Graphic and Photojournalism. (1): A workshop for newspaper photographers and cartoonists/illustrators. Students will make regular assigned submissions of photographs and/or artwork for publication in a campus newspaper. *Prerequisite: Permission of professor.*

301. Shakespeare. (3): A study of the major plays of Shakespeare with special emphasis on the tragedies and comedies. May be repeated as content varies. (Offered alternate years.)

302. The British Novel. (3): A survey of the British novel, including the history of the novel, and readings from Austen through Conrad. (Offered alternate years.)

303. Middle English Literature. (3): A study of Middle English literature with an emphasis on Chaucer's Canterbury Tales. (Offered alternate years.)

306. Seventeenth Century Poetry. (3): A course in seventeenth century British poetry with an emphasis on John Donne, George Herbert, and John Milton. May be repeated as content varies. (Offered alternate years.)

308. Nineteenth Century English Literature. (3): A study of the major Romantic and Victorian writers. (Offered alternate years.)

310. Literature about Adolescents. (3): The study of literature and non-print media with emphasis on literature written for adolescents, on criteria for selection and evaluation, on appropriate teaching methods, and on multi-cultural perspectives. The course is primarily for students preparing to teach at the secondary level. School-related observations. (Offered even numbered years in the spring.)

311. Advanced Writing. (3): An intensive course in writing with an emphasis on clear, direct prose. Particular consideration is placed on magazine article writing, editing, and opinion pieces.

312. Public Affairs Communication. (3): Study and practical application of communication theory as it relates to the tasks of public relations. Emphasis on production and use of media including any of the following: desktop publishing, still photography, audio recording, film and video. (Offered alternate years.)

313. Creative Writing. (3): For those interested in learning about the composition of imaginative literature with particular emphasis on the short story and poetry; a workshop experience that serves as a forum for creative expression through the generation and presentation of a variety of student writings.

314. Development of Broadcasting. (3): A study of the history, theory, and technology of broadcasting. Spheres of instruction will include: radio, television, cable, and electronically recorded mass media. (Offered alternate years.)

315. Development of Cinema. (3): A survey of American film history with an emphasis on principles of critical viewing. Includes study of important thematic genres, stylistic movements, and technological developments. Two hours of lecture and four hours of lab per week.

316. Applied Stage Directing. (3): A laboratory class in play production with emphasis on the role of the director. Studies include script choice and analysis; casting; design coordination. Students will supervise the production of at least one one-act play. *Prerequisites: Junior status, grades of "C" or better in two Theater Workshop courses,*

and permission of professor. Either English 316 or English 341 may be counted as part of the Literature and Communications Programs; requirement of 15 additional hours in English at or above the 300 level.

321. **Survey of American Literature I.** (3): A survey of American literature until 1865.

322. **Survey of American Literature II.** (3): A survey of American literature from 1865 to World War I.

323. **Twentieth Century British and American Writers.** (3): A study of the major works of important British and American writers of the twentieth century. Includes African-American and women writers. (Offered alternate years.)

324.

325. **Literary Magazine Editing.** (1): An experiential course for the editor of the literary magazine Logos. Topics include evaluating manuscripts, magazine layout, copy editing, and printing arrangements. *Prerequisite: permission of professor.*

327. **Intermediate Journalism.** (1): A workshop course which will expand students' knowledge of newspaper production through regular publication of a campus newspaper. Topics of instruction may include: interviewing style, ethics of journalism, meeting deadlines, basics of desktop publishing. *Prerequisites: English 227 and permission of professor.*

331. **Intermediate Acting.** (1): A studio course designed to expand knowledge of oral interpretation, stage movement, rehearsal strategies, and character creation. Students will perform in a one-act or full-length play. *Prerequisites: English 231 and successful audition.*

332. **Intermediate Stagecraft.** (2): A studio course designed to expand students' knowledge of skill in one or more of the following areas of stage technology: lighting, sound, make-up, costume, set construction, and publicity. *Prerequisites: English 232 and permission of professor.*

337. **Editing Workshop.** (1): A workshop course for the editor(s) of a campus newspaper. Topics of instruction may include: management styles, scheduling, budgeting, advanced layout techniques, copy editing, and headline-writing. *Prerequisites: English 327 and permission of professor.*

341. **Field Education.** (1-3): Supervised practical experience provides the student with the opportunity to integrate classroom instruction with on-the-job learning in various areas of communications-related fields. *Prerequisite: Permission of professor. Either English 316 or English 341 may be counted as part of the Literature and Communications Programs' requirement of 15 additional hours in English at or above the 300-level.*

401. **Seminar in Literature** (3): A course in one of the following genres: drama, fiction, or poetry. Individual authors or significant literary movements may be covered. May be repeated as content varies. *Prerequisite: One from English 201, 202, 203, or 204.* (Offered alternate years.)

402. **Literary Criticism.** (3): A course in the history and development of important critical literary theories from Plato to the present. Special emphasis will be given to a Christian approach to literature. *Prerequisite: One from English 201, 202, 203, or 204. (Offered alternate years.)*

410. English Methods. (3): A study of the materials, resources, methods, and strategies for teaching English in the secondary schools. Also a study of the secondary English curriculum, with particular emphasis on objectives, lesson plans, and unit plans, and on the North Carolina Standard Course of Study. Students will study methods of teaching literature (response to literature), including short stories, novels, and poetry; methods of teaching speech, non-print media, and grammar; and a continuation of methods of teaching reading and composition. School-related observations. *Prerequisite: Formal admission into the Teacher Education program.*

431. Advanced Acting. (1): A studio course designed to expand further student knowledge of oral interpretation, stage movement, rehearsal strategies, character creation, and script analysis. Students will perform in a mainstage production. *Prerequisites: English 331 and successful audition.*

432. Advanced Stagecraft. (2): Students will supervise design and/or execution of one or more of the following aspects of a mainstage production: lighting, sound, make-up, costume, set design/construction, and publicity. *Prerequisites: English 332 and permission of professor.*

443. The Study of Language. (3): The study of the history of language, particularly English: language development and acquisition, drawing on linguistics, psycho-linguistics, and socio-linguistics; dialects, types and levels of usage; grammars; a study of standard-or-traditional-grammar and usage; and a study of transformational grammar; and the purposes of language. *Prerequisite: Junior status or permission of professor.* (Offered even numbered years in the fall.)

491. Philosophy of Faith and Learning Thesis. (2): Each student will develop an in-depth paper on a specific topic growing out of the Philosophy of Faith and Learning Seminar. The topic must receive approval from a faculty committee, and the student must consult with and be advised by a faculty member on a regular basis. (Same as Humanities 491 and Philosophy 491.)

492. Theater Practicum. (2): Designed to reward English Communications majors who have chosen a time-or labor-intensive thesis in the field of theater (such as but not limited to directing a mainstage or starring in a one-person full-length). *Prerequisites: "C" or better in English 316, simultaneous enrollment in English 491, and permission of professor.*

ENGLISH AS A SECOND LANGUAGE ESL

011. Composition for International Students. (3): A course in basic writing skills that is designed for non-native English speaking students. Students will be placed in this course if their writing proficiency is not up to the level necessary for entrance into English 101. 3 semester hours of institutional credit. (Offered upon sufficient demand.)

100. English as a Second language. (5): A course for international students who need intensive work in English-listening, speaking, reading, and writing. Language laboratory work will complement classroom instruction. All international students whose native language is not English will be required to present an acceptable score on the Test of English as a Foreign Language (TOEFL) or to take an institutional test admin-

istered during the orientation period. Depending on the scores on these tests, students will be placed in this course. Five hours of class and three hours of lab each week.

110. ESL Reading and Study Skills. (3): For international students whose TOEFL scores indicate weakness in reading skill development. Emphasis on vocabulary development, comprehension, and the coordination of reading and writing. Three hours of class and one hour lab per week.

ENVIRONMENTAL STUDIES EV

206. Ecology. (4): A course stressing the relationship of organisms to their environment including both-living and non-living factors. Topics include population dynamics, community interactions, energy flow, biogeochemical cycling, winter adaptation, and soil dynamics. Three hours lecture, three hours lab per week. *Prerequisite: Biology 101 or 102 or permission of professor.*

301. Physical and Environmental Geography. (4): This course will take an in-depth look at the geographic regions of the world known as biomes. The geological, topographical, and climatic dynamics of each area will be related to ecological integrations. The study of each biome will emphasize representative plant and animal species, as well as rates of successional change. Three hours lecture, three hours lab per week. *Prerequisite: Environmental Studies 206 or permission of the professor.*

302. Atmospheric Processes and Climate. (2): Composition, physical characteristics, thermodynamics, and motion will be applied to the processes of the planetary boundary layers. Hydrodynamics, climatic conditions, and atmospheric processes in contact with the earth's crust will be integrated with potential impacts to the biosphere. *Prerequisite: EV/BL 206 or permission of professor.* (Offered fall semesters of even-numbered years.)

305. American Ecosystems (4): Ecological analysis of field study sites and public education facilities in selected biomes and life zones. Ecosystem comparisons will be developed with particular attention given to the survey of flora and fauna. This course will also study land management and public utilizations of ecological regions. Special emphasis will be placed on environmental education programs that educate the public about each biome or life zone. Course location will vary with each offering. Fee. *Prerequisite: Environmental Studies/Biology 206 or permission of professor.* (Offered occasionally during the summer only)

315. Freshwater Ecosystems. (4): Chemical, physical, and ecological features of biotic and aquatic systems in the mountains of western North Carolina. The course will include the use and development of chemical and biotic monitoring of freshwater ecosystems and population dynamics associated with nutrient level disruption. Three hours lecture, three hours lab per week. *Prerequisite: Biology 101, 102; Chemistry 201, 202 or permission of professor.* (Offered fall semesters of even numbered years)

405. Environmental Issues and Management. (3): The investigation of current environmental issues and management practices that will include application of ethics, economics, cultural values, and conflict resolution as a platform in which to apply Christian values and thought. Principles of Christian theology and stewardship will be utilized in the exploration of conflict resolution. The student will be required to make an independent presentation of a current world-issue using a substantiated argument and supporting paper for their issue stance and resolution. This presentation may be given for dual credit

during the co-registration with Environmental Studies 431. *Prerequisite: Environmental Studies 206, Chemistry 201, 202, Ecology 301, Ecology 302 or permission of professor.* (Offered spring semesters of odd numbered years)

415. Biochemistry/Toxicology. (4): Application and integration of biochemical processes to the functioning of whole organisms. Toxicological emphasis will be related to medical and environmental concerns. Fee. *Prerequisite: Environmental Studies 206, Chemistry 201, 202 and recommend Chemistry 320, 321 or permission of professor.* (Offered upon sufficient demand.)

420. Naturalist Practicum. (4): Participate in a community interpretive project and designate five organismal classes or ecological principles that will be topics of a field study along a local trail. A scientific report will be completed with compiled data organized in an Environmental Impact format. The student will prepare an interpretive trail guide for that trail utilizing this data. *Prerequisite: Environmental Studies 206, Biology 210, Environmental Studies 305 or permission of professor.* (Offered upon sufficient demand.)

430. Environmental Issues Seminar. (1/2): This class will meet once a week to deal with various topics of interest and current modern applications. Speakers will present topics with opportunities for class interaction. Campus-wide involvement will be encouraged. Students will be involved in class debate and group case studies. *Prerequisite: Environmental Studies 206 or permission of professor.*

431. Student Presentations-Environmental Issues Seminar. (1/2): Students will prepare and present topics to the class and campus. Students will develop skills in public speaking and be trained in the utilization of modern presentation materials. *Prerequisite: Environmental Studies 430.*

440. Senior Project/Internship (Honors option. (3): The student is responsible for a project/internship design and proposal. Employment is pursued through a student job search. This project is typically developed during the junior year, employment is during the summer, and the final project presented during the senior year. A research-based project may be considered for honors recognition. All proposals and evaluation of projects will be approved through the Environmental Studies Review Committee. *Prerequisite: General Education 210.* (Offered upon sufficient demand.)

450. Seminar-Professional Development. (1/2): This seminar will deal with professional skills training and enable the student to work effectively as a member of a management team. Skills from various job settings will be pursued. (Offered upon sufficient demand.)

460. Special Topics in Environmental Studies. (1-6): A course to study and explore topics in the field which emphasizes the biology of special areas of the world. This course is primarily designed to be taught during breaks and may be taken more than once. Elective credit only. Lab Fee. *Prerequisites: Biology 101, 102 or permission of professor.*

480. Independent Study. (1-3): Students may choose to participate in an independent study of their choice for up to three hours of credit toward the major. Doing an independent study is dependent on the availability of faculty and their willingness to oversee the study.

101-102. Elementary French. (3,3): A course for those who have had less than two years of high school French or whose proficiency examination score does not permit them to enter the 200 level. In it are studied the basic principles of French grammar and pronunciation. Conversation is stressed. Four hours of class and lab per week.
201-202. Intermediate French. (3,3): This course includes a review of grammar, intensive study of irregular verbs, conversation, dictation and translation from the standard authors. Four hours of class and lab per week. *Prerequisites: French 101-102 or two years of high school French and placement test.*
303-304. French Composition. (3,3): This course provides practice in composition, both oral and written, based on French culture and on the literature of France through the centuries. *Prerequisites: French 201-202 or equivalent.* (Offered alternate years upon sufficient demand)
305, 306. French Conversation. (3,3): This course provides practice in oral communication, especially on topics of general interest to both the student and the traveler. Vocabulary building, idiomatic structure, and correct use of tenses are emphasized. *Prerequisites: French 201, 202 or equivalent.* (Offered alternate years upon sufficient demand.)

GENERAL EDUCATION GE

100. Freshman Seminar (1): This course is designed to assist the student to make a successful transition to the life at Montreat College. Topics in this course include awareness of self and others, value of a Christian education, learning styles, time management, study techniques, note and test taking skills, planning for the future, and other personal issues that face college students. This course is required of all students entering Montreat College as first-time freshmen.
101,102; 201, 202, 301, 302; 401, 402. General Studies. (1/2 semester hour per semester): A student must be enrolled in and fulfill the specified requirements of General Studies each semester that he/she is a full-time student and/or a resident student in the College. General Studies consists of programs presented at Chapel, Convocation, and special functions during the year. Specific requirements will be posted at the beginning of each semester.
111, 112; 211, 212; 311, 312; 411, 412. Academic Competition. (1): Preparation for intercollegiate academic competition through drill and research on areas including literature, social science, math, science, the arts, philosophy, religion, popular culture, current events, and sports. May be repeated for credit each semester for up to eight semester hours.
210. Pre-Practicum. (1): The purpose of this course is to prepare students for the field education and internship experience. Topics included will be field education selection, resume preparation, application letters and procedures, interviewing skills, professional involvement and professional development. *This course is a required prerequisite for all 341 and 441 courses.* Grading: Superior, Pass, Fail.

251. Academic Studies Abroad. (1-6): Selected academic topics-literary, historical, Biblical, business, linguistics, science, and mathematics with emphasis on their relationship to physical and cultural settings. Residence abroad. Normally offered during college breaks and summer sessions. (Offered upon sufficient demand.)

341. Field Education. (3-6): Supervised field education provides the student with practical on-the-job training in various areas. Field education may be taken more than once. No more than three semester hours may be counted toward degree requirements. *Prerequisite: Permission of the Division Chairperson.*

441. Internship. (3-12): Supervised internship provides the student with practical on-the-job learning in various areas of service. Students will be placed in an agency selected by the college supervisor. The college supervisor will normally make at least one on-site visit during the term. The student will be required to keep a journal of his/her activities. No more than six semester hours may be counted towards the degree requirements. *Prerequisites: Twelve hours of course work completed at the 300 level or above in the major, and permission of the Division Chairperson.*

451. Coalition for Christian Colleges and Universities Internships. (6-8): In cooperation with the Coalition, students have internship experiences in Washington, D.C. (through the American Studies Program), Hollywood (through the Los Angeles Film Studies Program), or Costa Rica (through the Latin American Studies Program). Students will be placed in appropriate studies-related work situations. *Prerequisite: Permission of the Vice President and Dean of Academics.*

461. Coalition for Christian Colleges and Universities Seminars. (6-8): In cooperation with the Coalition, students examine selected topics relevant to the American Studies Program the Los Angeles Film Studies Program, or the Latin American Studies Program. *Prerequisite: Permission of the Vice President and Dean of Academics.*

GUIDELINES FOR PARTICIPATION IN THE OFF-CAMPUS STUDIES PROGRAMS OF THE COALITION OF CHRISTIAN COLLEGES

1. Participation in the Off-Campus Studies Programs requires the permission of the Vice President and Dean of Academics.
2. Students are encouraged to participate prior to their last college semester, and the program is typically limited to seniors and juniors who have a serious Christian commitment and a strong academic record.
3. Students will be assisted by the college's Financial Aid Office in attempting to meet program costs; however, no Montreat College money will be awarded in excess of the ordinary college semester residential cost. Students will not be eligible for college work-study or any aid which ordinarily requires on-campus participation and effort.
4. Students will pay the college, and the college will in turn be billed by the Coalition for Christian Colleges and Universities. The college is responsible for ensuring payment of fees, with the exception of the original $100 application fee, which is paid directly to the Coalition by the student. The college will charge a $100 administrative fee in addition to the Christian College Coalition charges.

5. All academic credit will be issued from Montreat College. Whether credit may be applied toward a major will be a decision made by the academic division of the major. Students will be deemed enrolled at the college on an extension campus.
6. Students will act at all times as representatives of Montreat College and will comply with the behavioral code of the program.
7. Students are referred to the program catalog published by the Coalition for additional information.

GEOGRAPHY GG

313. World Cultural Geography. (3): A study of the geographic features, the national and international boundaries, the geographical basis of economic production, and the cultures of the world.

GREEK GR

201-202. New Testament Greek. (3,3): Fundamentals of the Greek of the New Testament emphasizing grammar, reading skills, and translation of simple passages from the Creek New Testament. *(Not open to freshmen.)* (Offered alternate years.)
301. Introduction to New Testament Exegesis. (3): An intensive review of vocabulary, grammar, and syntax which introduces the student to the principles of exegesis. *Prerequisites: Greek 201 and Greek 202.*
302. The Epistle to the Ephesians. (3): A study of the Greek text of the Epistle to the Ephesians in its historical setting with special attention given to the doctrines and the patterns for Christian living. Offered in the Spring. *Prerequisite: Greek 201-202, Greek 301.*
481. Directed Studies in Greek. (1-3): This course will be a directed stdy with appropriate testing and papers through the semester.

HEALTH HL

101. Health. (3): A basic college course including the functions and structures of the human body; the nature of disease and care of the body; local, state, national and international health agencies and services available; and the processes and objectives of healthful living.
102. Advanced First Aid. (3): This course will prepare the student to respond to a variety of urban and back-country medical emergencies. Students who qualify will receive certification in American Red Cross Standard First Aid and CPR. (Alternate Years: Spring)

HEBREW HB

301. Elementary Old Testament Hebrew. (4): A study of the fundamental principles

of Old Testament Hebrew. Emphasis is placed on the mastery of forms, memorization of vocabulary, and translation skills.

302. Hebrew Exegesis. (4): An introduction to the principles of Hebrew Exegesis with a focus on narrative and poetic passages. Texts from the law, prophets, and poetic literature are translated and examined. Textual criticism is considered. *Prerequisite: Hebrew 301.*

HISTORY HS

101,102. A History of World Civilization. I, II (3,3): A survey course providing a summary of important economic, political, religious, and social forces from the beginning of earliest civilizations. A world perspective is offered, involving the study of non-western cultures, emerging nations, and contemporary interdependence.

171, 172. Advanced World Civilization. (3,3): Courses designed to challenge students of proven ability to greater reading in history, and to a deeper understanding of underlying issues in the study of world history. Enrollment by invitation only. Fulfills requirements of History 101 and/or 102. *Offered upon sufficient demand.*

201,202. United States History I, II. (3,3): A summary of important economic, political, religious, and social forces in the history of the United States from the pre-revolutionary period to the present. Additional emphasis will be given to major events and themes in North Carolina history.

All advanced classes (300 and 400 level) require the following prerequisites unless otherwise noted: HS 101, 102 (or 171, 172).

301. Church History. (3): A survey of the Christian movement in history, its beliefs, its institutions, and its worldwide expansion. Special emphasis will be given to historic forms of service and ministry in the world. *Prerequisites: History 101, 102, Bible 101 and one from Bible 102, 103, or permission of the professor. (Same as Bible 301)*

302. History of Political Philosophy. (3): A survey of political thought from the Greek city states to the political philosophers of the 20th century.

303. Social and Intellectual History of the United States. (3): A study of American life, emphasizing important social and intellectual movements and their effects on American culture.

304. U. S. Constitutional History. (3): The evolution of the federal constitution from national supremacy and dual sovereignty, with special emphasis upon the constitutional significance of the post-Civil War amendments, through the federal constitutional development in the fields of business regulation, federal-state relations, civil liberties and civil rights. (Offered alternate years.)

305. History of England. (3): An introduction to English history from the Roman occupation to the present. (Offered every 2nd year)

306. History of Russia. (3): The political, economic, social, and intellectual development of Russia. (Offered alternate years.)

308. History of Sub Saharan Africa. (3): The development of the African continent south of the Sahara from the pre-colonial period through the development of the

African independent states. (Offered alternate years.)

309. American Church History. (3): A chronological examination of the growth, variety, and spread of Christianity in the U.S.A. Special attention devoted to frontier evangelism, denominational movements, Roman Catholic developments, and modern trends. *Prerequisites: Bible 101, 102, or 103. (Same as Bible 309)* (Offered alternate years.)

351. Special Studies in History. (3): A course in which students will study the political, economic, and social systems of a particular area of the world. Possible study areas include Africa, the Middle East, Latin America, and the Far East.

401. American Revolution and Early National Period, 1763-1815. (3): A study of the Revolution, the Critical Period, the new Constitution, the new government, the rise of Jeffersonian Democracy, and the second War for Independence. *Prerequisite: History 201, 202.* (Offered alternate years.)

402. American Nationalism and Sectionalism, 1815-1877. (3): A study of the period of national growth after the War of 1812 and the development of the antebellum sectional issues which evolved into the Civil War and Reconstruction. *Prerequisite: HS 201, 202.* (Offered alternate years.)

403. Europe in the Middle Ages. (3): The origins and nature of Medieval civilization with emphasis on the Roman, German, Byzantine, and Arab influences which worked to create it and the subsequent expansion of government, the church, business, and city life. (Offered alternate years.)

404. The Twentieth Century World. (3): A course which examines those forces which have influenced our present century, as represented in two world wars, the growth of political ideologies, bipolarity and polycentric political and economic tendencies. Decolonization Third World developments and dilemmas, and present-day economic, social, and political structures are included. (Offered alternate years.)

408. History/Social Studies Methods. (3): A study of the materials, resources, methods, and strategies for teaching history and the Social Studies in the secondary schools. Also a study of the secondary Social Studies curriculum, with particular emphasis on objectives, lesson plans, and unit plans, and on the North Carolina Standard Course of Study. School-related observations. *Prerequisite: Formal admission into the teacher Education curriculum.*

480. Independent Study. (3): This is an independent study course supervised by the Department of History, in which the student must write a major paper based on extensive research in a special area of interest approved by the department. May be taken more than once.

490. Historiography and Personal Research Project. (3): After a survey of the study of history the student will engage in a personal research project. Emphasis will be made from the Christian perspective. *(Required of all majors in their Senior year)*

HUMAN DEVELOPMENT HD

300. Child Development. (3): A study of the physical, cognitive, and psychosocial development of the child from conception to age 10. Included is an overview of exceptional children, both disabled and gifted. *Prerequisite: Psychology 202.*

301. Adolescent Psychology and Development. (3): This course will survey the psychological, physical, and sociocultural growth and development of the adolescent in the midst of the contemporary culture. Issues such as family relations, peer influence, and schools will be examined. *Prerequisite: Psychology 202.*

305. Young and Middle Adult. (3): An overview of the physical, cognitive, social, spiritual and emotional aspects of the young and middle adult. *Prerequisite: Psychology 202.*

306. The Older Adult. (3): Overview of the physical, cognitive, social, spiritual, and emotional needs of the older adult in contemporary society. *Prerequisite: Psychology 202.*

HUMAN SERVICES HU

341. Field Education. (3-6): Supervised field education provides the student with practical on-the-job training in various areas of human service related fields. Field education may be taken more than once. No more than three semester hours may be counted toward degree requirements.

441. Internship. (3-12): Supervised internship provides the student with the opportunity to integrate classroom instruction with practical on-the-job learning in various areas of human service related fields. NO more than six semester hours may be counted toward degree requirements. Grading: Superior, Pass, Fail. This course is normally taken in the summer. *Prerequisite: General Education 210 and twelve hours of course work completed at the 300 level or above in the major.*

MATH MT

101. Introduction to Mathematics. (3): A survey of mathematics including a sampling of topics from the history of mathematics, logic, set theory, algebra, geometry, matrices, number theory, probability and statistics and other topics.

111. College Algebra. (3): A course emphasizing the algebraic concepts of college mathematics. Topics include equations and inequalities, functions, conic sections, and matrices. *Prerequisite: A grade of C or above in high school Algebra II.*

141. Precalculus Mathematics. (4): A course in elementary functions to prepare students for the calculus sequence. Topics include properties of the real number system, inequalities and absolute value, functions and their graphs, solutions to equations, algebraic trigonometric, exponential and logarithmic functions. *Prerequisite: A grade of C or above in high school precalculus .*

203. Calculus with Analytic Geometry I. (4): Differential and integral calculus of the polynomial, logarithmic, and trigonometric functions, including limits and continuity; rules of differentiation and applications, including maxima & minima problems and related rates; Fundamental Theorem of Calculus with applications including area. The study includes some emphasis on inverse trigonometric natural logarithms and hyperbolic functions. *Prerequisite: Math 141 or equivalent.*

204. Calculus with Analytic Geometry II. (4): Differential and integral calculus with applications in area, volume, work, arc length, and surfaces of revolution; L'Hopital's Rule and improper integrals; sequences and series, conics, parametric equations, polar coordinates and vectors. *Prerequisite: Math 203 or equivalent.*

205. Calculus with Analytic Geometry III. (4): Differentiation and integration of vector-valued functions; introduction of functions of several variables, partial derivatives with applications of extremes of functions of two variables, multiple integration; vector analysis and differential equations. *Prerequisite: Math 204 or equivalent.*

214. Elementary Probability and Statistics. (4): A non-calculus oriented course stressing methods of drawing inferences and making decisions from observed data, the probability of an event, random variables, summarization of data, comparison of means, estimation and hypothesis testing. Examples of applications in social science and in business, and the development of techniques useful in the business world are included.

301. Linear Algebra. (3): Vector spaces, matrices, linear transformations. *Prerequisite: Math 204.*

311. Modern Algebra. (3): Groups, rings, integral domains, fields. *Prerequisite: Math 301.* (Offered alternate years.)

321. Number Theory. (3): Integers, divisibility, prime numbers, Diophantine equations, congruences, continued fractions. *Prerequisite: Math 204 or permission of the instructor.* (Offered alternate years.)

331. Ordinary Differential Equations. (3): Theory and applications of ordinary differential equations, elementary numerical and series methods of approximating solutions. *Prerequisite: Math 205.* (Offered alternate years.)

351. Foundations of Geometry. (3): A rigorous approach to Euclidean geometry from Hilbert's axioms, the parallel postulate and its equivalents, classical non-Euclidean geometries. *Prerequisite: Math 204.* (Offered alternate years.)

401. History and Foundation of Mathematics. (3): An historical approach to the study of foundations of mathematics: Contributions of the ancient cultures including the Egyptians, Babylonians, Greeks, Chinese, Hindus and Arabs will be considered followed by the transmission of mathematics into Europe from A.D. 450 to the twentieth century. Various systems of mathematics will be studied from both the classical and non traditional perspectives, and will include set theory, number theory, logic, geometry, analysis, and applied mathematics. *Prerequisite: Math 204.* (Offered alternate years)

411-412. Advanced Probability and Statistics. (3,3): Probability, conditional probability, combinatorics, random variables, distributions, estimation, hypothesis testing, analysis of variance. *Prerequisite: Math 205. (Offered when there is sufficient demand.)*

421. Numerical Methods. (3): Numerical methods, for approximating polynomials, derivatives, integrals, eigenvalues, solutions to differential equations. *Prerequisite: Math 205. (Offered alternate years.)*

451. Real Analysis. (3): The real number system, limits, continuity, derivatives, mean value theorems, integration, series. *Prerequisite: Math 205. (Offered alternate years.)*

481,482,483. Special Topics in Mathematics. (1,2,3): Other topics not otherwise

included in the catalog for which there may be a need, or further study in any of the listed 300-400 level topics. *Prerequisite: permission of the department.*

MUSIC MS

101. Introduction to Music (3): An introduction to the materials and properties of music, musical media and categories of musical literature with a concentration in music of the Baroque, Classical, Romantic, and Modern eras.

102. Fundamentals: Music and How to Read It (3): An introductory course in learning how to read music. Topics include the essential concepts of notation, rhythm, tonality, and harmony. Emphasizes a firm grasp of intervals, triads, major scales, duple and triple meter and sightsinging.

103. Piano Class. (2): For the beginning piano student. In a group setting, pianists will study note-reading, note values, means of expression, and proper hand and arm position. Includes the study of music from various styles and historical periods.

104. Voice Class (2): For the beginning voice student. In a group setting, singers will study correct breathing technique, projection, and the necessary skills for articulation of song. Includes the study of popular, broadway and traditional music styles.

113, 114. Music Theory: (3): A comprehensive study of musical notation, key signatures, scales, intervals, triads and seventh chords. Additional emphasis on melodic and harmonic analysis, melodic and harmonic dictation, sight singing, and four-part harmony. To be taken in fall/spring sequence.

141, 142, 241, 242. Piano. (1,1,1,1): Students are accepted at various levels of proficiency, and their ability to play the piano in a musical and non-mechanical way is further developed. Piano literature selected is suited to the capacity of the student and consists of art music pieces from the Baroque era to the present. Some popular music of the student's choosing may be included. Studio class required. Fee.

143, 144, 243, 244. Voice (1, 1, 1, 1): Emphasis is placed on the use of the voice as a natural instrument. The ultimate goal is an artistic style of singing that includes a beautiful tone and dependable technique. As the voice is developed, literature suited to the capacity of the student and drawn from the best works of the great masters is studied. Some popular music of the student's choosing may be included. Studio class required. Fee.

145, 146, 245, 246. "Pipe Organ." (1,1,1,1): The course includes a thorough grounding in registration, the means of expression necessary to minimize the highly mechanical nature of the instrument, and pedal technique. The choice of music is determined by the capacity of the student and the instrument being played. Prerequisite: moderate level of piano proficiency; permission of instructor. Fee.

147, 148. Applied Music (1, 1): Instrumental. A study of technique and literature. Open to students of all levels of proficiency. Performance class required. Fee.

151. Concert Choir (1): A choral group of mixed voices open to all students who have a desire to sing. The choir performs at on-campus events such as chapel services and convocations, and travels at times to local area churches. Members have opportunity to audition for a chamber ensemble within the choir. Annual concerts are presented at Christmas and during the spring semester. 3 rehearsals each week.

152. **Celebration** (1): A small group of mixed voices that travels frequently to represent the college at churches, schools and other functions. Repertoire consists of both traditional sacred and Contemporary Christian Music styles. Membership by audition or invitation of director. Prerequisite: at least one semester Concert Choir. Two rehearsals each week.

213, 214. **Music Theory** (3, 3): A continuation of Music 113, 114. Topics include part writing, modulation, transposition, and twentieth-century analytical techniques; advanced melodic and harmonic dictation, sight singing. To be taken in fall/spring sequence. *Prerequisite: Music 113, 114 or permission of instructor.*

247, 248, 347, 348, 447, 448, **Applied Music** (1, 1, 1, 1, 1, 1): Instrumental. Performance class required. Fee. Prerequisites: Music 145, or equivalent.

301. **Worship and Church Music** (3): A study of music in worship from Biblical times to the present. Students will develop a philosophy of church music with emphasis on music selection for excellence, sources and appropriateness. Hymns, anthems, Christian music, vocal solos and other genres of service music are analyzed.

302. **Church Music Administration** (3): Practical instruction in how to structure, develop, and operate a fully-graded church music program. Topics include church-staff-congregation relations and recruiting; choral conducting; study of procedures to establish and support a budget, daily schedule, long range plan; purchase and upkeep of equipment and facilities.

305. **Survey of Musical Styles I** (3): This course is designed to provide a chronological perspective of the development of Western music from the pre-Christian era to 1750, including music of the Middle Ages, Renaissance and Baroque periods.

306. **Survey of Musical Styles II** (3): This course is designed to provide a chronological perspective of the development of Western music from 1750 to 1990, including music of the Classical, Romantic, Modern and post-Modern periods.

341, 342, 441, 442, **Piano** (1, 1, 1, 1): For the junior and senior music minor. A continuation of Music 141, 142 or Music 241, 242. Advanced playing techniques are studied. Emphasis on pedagogy, interpretation, mechanics of sound production and physiological aspects of keyboard playing. Literature includes that from the Baroque through the Modern eras. Recital optional by permission of instructor. Fee.

343, 344, 443, 444, **Voice** (1, 1, 1, 1): For the junior or senior music minor. A continuation of Music 143, 144 or Music 243, 244. Advanced techniques of singing are studied. Emphasis on pedagogical and scientific aspects of the singing art. Literature includes that from classic and romantic era opera and art song. Recital optional by permission of instructor. Fee.

345, 346, 445, 446, **Pipe Organ** (1, 1, 1, 1): For the junior and senior music minor. A continuation of Music 145, 146 or Music 245, 246. Studies include advanced techniques in registration and pedaling. Emphasis on service playing, and artistic and interpretive aspects of the organ. Literature drawn from Renaissance and Baroque instrumental repertory. Recital optional by permission of instructor. Fee.

OUTDOOR EDUCATION OE

101. **Principles and Concepts in Outdoor Education.** (3): A survey of the many

aspects of Outdoor Education including historical and philosophical foundations, adventure education, and environmental education. Students will explore the organization and function of Outdoor Education theories and practices of outdoor education in the private and public settings and programs will be discussed and experienced.

201. Adventure Education and Group Processing. (3): A course designed to give the group facilitator a variety of theories and models to be applied in a growth-oriented adventure program. Emphasis will be placed on the safe and effective facilitation of new games, initiative courses, and high ropes courses.

208. Camp Programming. (3): This course provides an overview of the history and nature of organized camping and explores current aims and objectives of the field. Students will be exposed to a broad spectrum of camp programs and will investigate the principles utilized in developing these programs. The course is designed to teach the student how to plan and implement a Christ-centered camp program focused on camper needs and interests. (Offered spring, alternate years.)

211. Outdoor Skills and Adventure Programming I. (4). Part I of a wilderness skills course which offers instruction in fall/winter backpacking, minimum impact camping techniques and orienteering. Emphasis is on safety, skill development, trip planning and formulation of a personal teaching/leadership style. *Prerequisite: Outdoor Education 149 or permission of the professor.)*

213. Outdoor Skills and Adventure Programming II. (4). Part II of a wilderness skills course which offers instruction in flatwater and whitewater canoeing. Emphasis is on safety, skill development, and trip planning. Students will also gain teaching experience. *Prerequisite: Outdoor Education 149 or permission of the professor.*

215. Outdoor Skills and Adventure Programming III. (4). Part III of a wilderness skills course which offers instruction in rockclimbing. Emphasis is on safety, skill development, and trip planning. Students will also gain teaching experience. *Prerequisite: Outdoor Education 240 or permission of the professor: Corequiste: Outdoor Education 211*

243. Discovery Wilderness Practicum. (2): A 20-day wilderness expedition which may include backpacking, rockclimbing, whitewater canoeing, camping, route-finding, mountain biking, a solo experience and a 14-mile run. Through these experiences, students are encouraged to work together, develop an attitude of service and gain an appreciation for the natural environment. Emphasis is placed on spiritual growth and Christian fellowship *(Required before junior year).*

304. Philosophy of Outdoor Leadership (3): A course designed to explore leadership techniques in outdoor adventure programs and to investigate the philosophical foundations upon which they are built. Emphasis will be placed on building a personal philosophy of outdoor leadership. Opportunities for implementing this philosophy will be provided. *Prerequisite: Outdoor Education 243 or permission of instructor.*

305. Environmental Policy and Law. (3): A course designed to acquaint the student with the history of natural resource management, agencies which manage public lands, and the laws created to protect natural resources. Students will also explore policies of US government, and current agencies and laws which govern our use or abuse of the environment. *Prerequisite: Environmental Studies 206 or permission of professor.*

306. **Leadership and Group Dynamics.** (3): A study of group behavior and leadership as viewed through experimental group processes, individual interaction and theory. Content includes the study of group dynamics, the effectiveness of different leadership techniques and activities which are most appropriate for an effective, fun group. Particular emphasis will be placed on utilizing groups as a means of building up the body of Christ.

320. **Marketing Outdoor Education Programs.** (3). A course designed to provide the student with essential business/multimedia skills in Outdoor Education. Includes: spreadsheet applications, writing and managing database programs, basics of graphic design, production of quality presentations and brochures, and other appropriate software applications. Students will also develop a slide presentation (Offered spring, alternate years).

340. **Teaching Methods and Curriculum Development in Outdoor Education.** (3): This course will focus on the development of curricula which integrates adventure education and environmental education into the same experience. Integrated experiences will be developed for programs designed for children, teens, and adults. Students will have an opportunity to lead experiences which they have designed. (Offered spring, alternate years).

400. **Outdoor Education Practicum.** (3): A guided teaching experience in an elected area of Outdoor Education. This course requires the following: (1) the student must be a candidate for the Outdoor Education Degree; (2) the practicum experience must be approved by the Outdoor Education department, and (3) the experience must be evaluated by the student, job supervisor and faculty supervisor. No more than three hours may be counted toward degree requirements. (*Prerequisites: Outdoor Education 340 and junior status).*

404. **Administration and Management of Outdoor Education.** (3): A study of administrative procedures for a broad scope of outdoor education programs. Topics will include: personnel and facility management, boards and committees, developing a budget, computer applications, public relations, conflict management, insurance, record keeping and risk management.

415. **Wilderness Journey.** (4): This course will be offered occasionally during the summer break. Students will participate in a trip to a natural area of the continental U.S. where they will be involved in integrated experiences involving adventure education and environmental education.

441. **Internship.** (3): Designed to serve as a culminating field experience for students majoring in Outdoor Education. The internship experience provides broad-based exposure to all operational facets of an outdoor education program. The intent is to provide each student with a full-time placement in their area of concentration (Should be completed after junior year).

460. **Special Topics in Outdoor Education.** (1-6): A course to study and explore topics in the field of Outdoor education which are not covered extensively in the normal curriculum. This course may be taken more than once. Topics will vary according to the interests of the students and the faculty. (Offered spring, alternate years).

462. **Current Issues in Outdoor Education.** (3): A course of study designed for the

graduating senior preparing to enter the field of Outdoor Education. Students will be required to read a wide variety of literature and research, and will discuss pertinent issues in the fields of Outdoor Education. *Prerequisites: Outdoor Education 101, Outdoor Education 201, Environmental Studies 206* offered Spring, Alternate years.

480. Independent Study (1-3). For the advanced student in Outdoor Education desiring work on topics of special interest in the major. Doing an independent study is dependent on the availability of faculty, their willingness to oversee the study, and the qualifications of the student.

PHILOSOPHY PH

201. Introduction to Philosophy. (3): An introduction to the major problems and systems of philosophy. This course will familiarize the student with some of the systems of philosophy which have appeared over the centuries and with some of the contemporary systems.

202. Modern Secular-Christian World Views. (3): An interdisciplinary course examining the world views, trends, and problems of twentieth century Western man. A Christian world view and secular thought will be contrasted in several areas including science and modern literature. *Prerequisite: History 101 or 102.*

301. Ethics. (3): Ethical theories in philosophy and religion, historic ethical presuppositions underlying the development of capitalism and the emergence of a contemporary set of competing values, current ethical cases highlighting value choices and resulting consequences will be examined. *(Offered alternate years.)*

401. Seminar in Theology/Philosophy. (3): An in-depth examination of a current theme, individual or movement in theology and/or philosophy. May be repeated as content caries. (Offered upon sufficient demand)

461. Philosophy of Faith and Learning Seminar. (2): A course designed to help students define their personal Christian philosophy of life by integrating faith and learning. Students will be challenged to explore their Christian calling and to consider ways in which they can exert a Christian influence in the world today. *Prerequisite: Senior status or permission of professor.*

491. Philosophy of Faith and Learning Thesis. (2): Each student will develop an in-depth paper on a specific topic growing out of the Philosophy of Faith and Learning Seminar. The topic must receive approval from a faculty committee, and the student must consult with and be advised by a faculty member on a regular basis. *Prerequisite: Philosophy 461.*

PHYSICAL EDUCATION PE

101. Beginning Jogging. (1): An activity course designed for the student to learn about the aerobic aspects of jogging and to develop a personal program of continuous jogging for 30 minutes three times per week.

111. Introduction to Principles and Philosophy of Physical Education. (3): This course is designed to provide the potential physical education professional with a

knowledge of the foundations, principles and philosophies of physical education from ancient history to the present.

140. Beginning Weight Training. (1): This course is an introduction to weight training with emphasis on principles and techniques. Students will develop an individualized weight training program. Related health and safety factors will also be considered.

142. Aerobic Dance. (1): This course emphasizes movement to music as an enjoyable means of strengthening muscles, improving flexibility, and developing overall physical fitness.

143. Team Sports I. (Soccer and Volleyball). (1): Eight weeks of soccer and eight weeks of volleyball. Instruction in rules, skills, and strategy. Emphasizes physical fitness.

144. Team Sports II. (Basketball and Softball). (1): Eight weeks of basketball and eight weeks of softball. Instruction in rules, skills, and strategy. Emphasizes physical fitness.

145. Physical Fitness. (1): This course includes knowledge of cardiovascular endurance, maximal heart rate, and how to work out an individual program to achieve fitness.

146. Racquet Sports. (1): Eight weeks of badminton and eight weeks of tennis. Instruction in basics, such as grip, footwork, strokes, rules, strategy, and tournament play.

147. Horseback Riding. (1): This course covers basic instruction on tack and western riding and will include riding on local mountain trails. Fee.

148. Hiking. (1): This course includes instruction in map and compass, trail technique, and hiking on local trails. One Saturday hike.

149. Backpacking and Orienteering. (1): In-depth instruction in backpacking and camping skills such as firebuilding, campcraft, map and compass, how to purchase and use camping gear, etc. Two campouts will be planned.

201. Concepts of Fitness. (2): Areas such as cardiovascular endurance, physical fitness, wellness, stress, rest, diet, lifetime sports and the values of wholesome activities are covered. Each student will complete a personal analysis of his/her own fitness based upon testing.

2401. Rockclimbing. (1): This course is designed for the beginning and intermediate climber. Students will learn knots, basic climbing skills, and safety. Includes three rockclimbing trips on local rock.

2402. Advanced Rockclimbing. (1): This course is designed for the intermediate and advanced climber. Students will learn technical rope techniques, a variety of options for top-rope setup, proper placement of rock protection, and the basics of lead climbing. *Prerequisite: permission of professor.* Offered spring semesters of alternate years.

241. Discovery Wilderness Practicum. (1): An 18-day course offered in May. Includes hiking, camping, canoeing, rockclimbing, a solo experience and a 14-mile marathon. The practicum emphasizes personal and spiritual growth through challenging activities and group processes. The course is open to anyone of normal physical health. A student may receive 2 hours of recreation credit for this course (see Outdoor Education Degree). Fee.

242. Downhill Skiing. (1): This course is designed for the beginner and intermediate skier. The course will include two lecture classes and five ski trips to a local slope. Students will receive one hour of instruction and three hours of free skiing time during each trip. Fee. No refund after first class.

244. Cross-Country Skiing. (1): This course is designed for the beginner and intermediate skier. The course will include several lecture classes and at least four skiing trips, weather permitting. Fee. No refund after first class.

2451,2452. Canoeing. (Swimming ability required). (1,1): This course emphasizes tandem paddling skills, lake and whitewater canoeing, water safety and rescue. Three river trips will be planned. Red Cross certification is offered. Physical Education 2452 requires permission of the professor.

247. Kayaking. (Swimming ability required). (1): This course is designed for the beginner and intermediate kayaker. The emphasis will be placed on the Eskimo roll, basic paddling skills, lake and whitewater kayaking, water safety and rescue. Three river trips will be planned.

248. Advanced Kayaking. (Swimming ability required). (1): This course is designed for the intermediate and advanced kayaker. Students will learn a variety of rescue procedures, reading the river and recognizing potential hazards, hole extractions, surfing and ender techniques. *Prerequisite: permission of professor.* Offered spring semesters of alternate years.

249. Lifeguard Training. (1): This course covers basic water safety, including swimming strokes, rescues, and escapes. Lifeguard qualifications, pool management and safety will also be studied. Red Cross certification will be awarded to those students who meet the requirements. Swimming proficiency required.

301. Team Sports Officiating. (2): A course designed to teach students the techniques and standards of officiating with emphasis on knowing the rules of various team sports. This course would help lead to certification.

302. Methods and Materials of Coaching. (2): A course designed to introduce the student to the rudiments of coaching. Emphasis will be placed upon administrative and routine tasks plus the techniques and materials used in recruiting and coaching.

303. Physical Education Pre-Practicum. (1): A course designed to prepare the student for actual teaching and coaching with attention to professional standards, expectations, ethics, values and performance.

341. Field Education. (3-6): Supervised field education provides the student with practical on-the-job training in various areas of human service related fields. Each field education experience is administered by the college placement office, the field education advisor, and the supervising facility. Field education may be taken more than once. No more than three semester hours may be counted toward degree requirements. Areas may include, but are not limited to the following: Campus work, child care administration, child volunteer organization work, cross-cultural service, church work, interdenominational child service, interdenominational youth service, recreation and camping work. *Prerequisite: General Education 210.*

131,132. College Physics. (4,4): A series of lecture-demonstration periods in which algebra and trigonometry will be used in the mathematical analysis. Topics covered in 131 may include classical mechanics, thermodynamics, oscillations and waves. Electricity and magnetism, optics and nuclear physics will be covered in 132. The laboratory will complement the lecture material. Three hours of lecture and two hours of laboratory per week. *Prerequisite: Grade of C or above in High School Algebra II and Trigonometry (or the equivalent)or Math 141.* (Offered even numbered years in the fall.)*

201. General Physics. (4): A series of lecture-demonstration periods in which mechanics, heat, sound and wave motion are treated using calculus in the mathematical analysis. Three hours of lecture and three hours of lab per week. *Corequisite or prerequisite: Math 203.**

202. General Physics. (4): Similar to PC 201 except that the areas studied are in the fields of light, electricity, and the particles of modern physics. Three hours of lecture and three hours of lab per week. *Corequisite or prerequisite. Math 204.**

*A student may not take both Physics 131 and 201 for credit nor may a student take both Physics 132 and 202 for credit.

POLITICAL SCIENCE PL

201. United States Government. (3): This course offers a study of national, state (including North Carolina), and local governments. Special emphasis is placed on the American democratic process so that the student may take an intelligent part in civic affairs.

202. Current Political Systems: (3): In this course the principal current political ideologies - democracy, socialism, communism and fascism - will be analyzed in theory and practice.

PSYCHOLOGY PY

202. General Psychology. (3): A basic survey of the principles of the science of human behavior and their applications to life situations.

251. Special Studies in Psychology (3). An elective course in psychology among several selected courses which may vary from semester to semester, such as Psychology of Adult Development; Social Psychology; Adolescent Psychology, etc. This course, when different areas are studied, may be taken for credit more than once. *Prerequisite: PY 202 or permission of professor.*

314. Personality. (3): Basic principles of personality structure, dynamics, development, assessment, and theory are discussed. Consideration is given to both the environmental and biological determinants of personality. *Prerequisite: Psychology 202.*

315. Abnormal Psychology (3): A survey of the current categories of abnormal be-

havior emphasizing symptoms, major theories of causality, and current treatment methods. *Prerequisite: Psychology 202.*

412. Theories and Principles of Counseling. (3): This course provides an examination of several of the major theories of counseling in working with individuals, families, and small groups. Included are principles and techniques utilized in assessment, crisis intervention, contracts, and development of the therapeutic relationship. A skills component is also included. *Prerequisite: Psychology 202.*

414. Marriage and Family Therapy. (3): A survey of the major sociological and therapeutic models applied to the understanding of healthy and dysfunctional families. Family systems theory is given central consideration. *Prerequisites: Psychology 202 and Sociology 205.*

481. Directed Study and Research. (3): For majors in Human Services desiring work on topics of special interest in the major field. The major professor will supervise the study and have a minimum of fifteen contact hours with the student during the semester. A research paper will be required in the course. The course may be taken only once. *Prerequisite: Open to juniors who have completed twelve hours of course work at the 300 level or above and have received permission from the major professor and division chair.*

READING RD

103. Reading and Learning Seminar. (3): A course designed to enable first-time college students to adjust to the rigorous demands of full-time college studies by improving their reading rates, comprehension skills, study skills, and time management skills.

SOCIOLOGY SC

204. Introduction to Sociology. (3): This course deals with the general nature and principles of sociology. Special attention is given to the ecological, cultural, and psychosocial forces; to outstanding social groups; to the changing personality under the influences that play upon it through group processes.

205. Marriage and Family. (3): A study of relationships with the opposite sex from first meeting through marriage, having and rearing a family, divorce and remarriage. Current American norms and Christian principles for marriage and family life are examined.

206. Social Problems. (3): An analysis of the major social problems of contemporary society resulting from technological and social change, population pressure and resources, urbanization, poverty, minority groups with special reference to the Black conflicts regarding social values and goals, and social disorganization as related to the family, economic religious and other institutional relationships. *Prerequisite: Sociology 204 or permission of professor.*

251. Special Studies in Sociology. (3): An elective course in sociology among several selected courses which may vary from semester to semester, such as Introduction to Criminology, Juvenile Delinquency, etc. This course, when different areas are studied,

may be taken for credit more than once. *Prerequisite: Sociology 204 or permission of professor.*

311. Social Welfare and Social Services. (3): This course is a survey of the history and philosophy of social welfare and the values and practice of social services as a profession. *Prerequisite: Sociology 204.*

415. Human Sexuality. (3): A study of the historical, physiological, interpersonal, spiritual and health aspects of human sexual behavior within a Christian value framework. Consideration is given to contemporary social issues: harassment, abuse, rape, homosexuality, and commercial sex. *Prerequisite: Sociology 205.*

481. Directed Study and Research. (3): For majors in Human Services desiring work on topics of special interest in the major field. The major professor will supervise the study and have a minimum of fifteen contact hours with the student during the semester. A research paper will be required in the course. The course may be taken only once. *Prerequisite: Open to juniors who have completed twelve hours of course work at the 300 level or above and have received permission from the major professor and division chair.*

SPANISH SP

101-102. Elementary Spanish. (3,3): For those who have had less than two years of high school Spanish or whose proficiency examination does not permit them to enter the 200 level. Emphasis upon fundamentals of grammar, vocabulary, composition, pronunciation, and conversation. Four hours of class and lab per week.

201-202. Intermediate Spanish. (3,3): An intermediate course to develop reading and composition skills, to provide practice in translation of selected readings and oral facility in the Spanish language. Four hours of class and lab per week. *Prerequisites: Spanish 101-102 or placement test or permission of the professor.*

303, 304. Advanced Conversation and Composition. (3,3): A detailed study of the fundamentals of Spanish usage, oral and written. Training in correct pronunciation is stressed in conversation based on practical subject matter of everyday life in Spain and Spanish-speaking countries. *Prerequisites: Spanish 207-202 or equivalent. (Offered upon sufficient demand.)*

SCHOOL OF PROFESSIONAL AND ADULT STUDIES

Dr. Isaac Owolabi, Associate Dean of Adult Education

The School of Professional and Adult Studies seeks to provide education which is consistently informed by a Christian world view to adult professionals with previous college experience. Program offerings permit working professionals to complete their educational goals while fully involved in their current career. A special feature of this program is that working professionals can integrate their practical knowledge of the work place with interactive classroom instruction and Christian principles.

The objectives of the School of Professional and Adult Studies are:

1) To provide a high-quality education leading to professional advancement via a unique delivery system.
2) To promote lifelong learning that combines the practical and the theoretical.
3) To provide a value-added education from the perspective of an informed Christian world view.

The School currently offers two programs; both are primarily off-campus programs.

The first is the General Education Program designed for working professionals who have already completed at least fifteen semester hours of college course work. The General Education Program challenges the adult learner to develop knowledge and awareness of human problems and personal values through a well planned, sequenced curriculum which integrates within the curriculum increasingly advanced cognitive skills, awareness of self and others, Christian world and life views, and social and interpersonal skills. Completion of the General Education Program prepares students to continue into the degree completion program, the Bachelor in Business Administration.

The Bachelor of Business Administration program offers adult learners with sixty or more semester hours of college credit the opportunity to complete a degree in approximately twenty-two months. Unique features of the BBA are its accelerated format with classes meeting one night a week for four hours and courses running for three to seven weeks; its curriculum being computer integrated and requiring students to utilize a state-of-the-art lap-top computer; and its rolling admissions meaning that new classes may begin at any time during the year.

For a detailed explanation of admission requirements, course descriptions, academic policies, degree requirements and related information, contact the School's admissions office at 704-669-8011 (ext, 3531) or 1-800-436-2777.

REQUIREMENTS FOR ASSOCIATE DEGREES

The requirements for associate degrees are designed to provide breadth in general education and to allow for the amount of specialization necessary in preparation for a major field in junior and senior years. The course programs which follow are representative of those offered by major colleges and universities in the freshman and sophomore years. To earn any of the degrees outlined on these pages, a student should:

(1) Earn a minimum of 60 academic hours of credit
(not including hours earned in "Institutional Credit only" courses) plus required General Studies and Physical Education for each semester enrolled.
(2) Successfully complete all courses listed as basic
degree requirements.
(3) Present a cumulative "C" (2.0) quality point average on transfer hours accepted and on all work attempted
for a degree at Montreat College.

(4) Earn a minimum of 24 semester hours at Montreat College. Note: A student who leaves Montreat College with less than 64 hours or less than a 2.0 quality point average may enroll in another institution and transfer back a maximum of 12 semester hours toward a degree at Montreat College.

(5) Complete the form "Request for Degree" during the registration period for the semester immediately prior to the date the degree is to be granted.

(6) Successfully fulfill area knowledge competency requirements (mathematical computation, oral expression, reading, writing, and computer literacy).

Upon successful completion of these requirements, Montreat College will award an associate degree and mail a diploma to the address provided by the student. Associate degree graduates do not march at commencement.

It Is Each Student's Responsibility To Be Sure All Degree Requirements Are Met

A deficiency of more than 12 hours will necessitate the student's return to Montreat if he/she wishes to graduate from the College.

Students are normally subject to the academic requirements stated in the catalog which was current when they registered. A student who leaves the College and is later readmitted must meet the requirements current at the time of readmission.

ASSOCIATE IN ARTS DEGREE

The Associate in Arts (A.A.) Degree has the requirement of a foreign language credit or proficiency through the 200 level. All entering students who expect to enroll in a foreign language beyond the elementary level must take a proficiency examination; students demonstrating proficiency through the 102 level may complete their language requirement by taking 6 hours of 200-level courses in that language or by completing satisfactorily twelve semester hours of a different language.

Students presenting two high school units of a foreign language but whose required proficiency examination score does not permit them to enter the 200 level may take the 101 -102 level of that language for credit.

Students whose maternal language and whose language of prior instruction is not English, who are successfully meeting the English competency requirement at Montreat College, may have their maternal language substituted for the foreign language requirement for the associate in arts degree. Twelve hours of electives may be substituted; six of these hours must be in the humanities. English 311, Advanced Writing, is strongly suggested as one of these humanities courses.

I. REQUIRED COURSES

	Semester Hours Required
Bible and Religion 101	3
Bible and Religion 102 or 103	3
English 101, 102	6
Foreign Language*	12
History 101, 102	6
Mathematics (101 or above)	3
Physical Education Activities	2
General Studies	1/2 hour for each semester enrolled

II. ELECTIVES IN REQUIRED AREAS

Fine Arts Art 101, 102, or Music 101	3
Literature English 201, 202, 203, 204, or any 300 level	3
Humanities English above 100 level except for applied English courses. Bible and Religion above 100 level Music 101, and 200 and above courses exclusive of applied music courses Philosophy 201 or 202	3
Social Science any History above 100 level, Economics, Political Science, Psychology, or Sociology	3
Natural Science Astronomy, Biology, Chemistry, or Physics	8

III. UNDESIGNATED ELECTIVES

7

Any academic courses except "Institutional Credit Only" courses

IV. TOTAL HOURS REQUIRED FOR A.A. DEGREE

60 Academic hours

2 Hours of Physical Education activities (1 hr. 1st year enrolled)

62 Hours plus 1/2 hour of General Studies for each semester enrolled

**Fewer than 12 hours of a language may be required if proficiency is demonstrated, as explained in this section.*

THE ASSOCIATE IN SCIENCE DEGREE

The Associate in Science Degree has no foreign language requirement. As a result of the absence of the language requirement, students pursuing this degree must take more courses in other areas.

I. REQUIRED COURSES

	Semester Hours Required
Bible and Religion 101	3
Bible and Religion 102 or 103	3
English 101, 102	6
History 101, 102	6
Mathematics 111 or above (3 hours from Computer Science 103 or 210 may be counted toward this requirement.)	6
Or	
Mathematics 141 or above with a grade of at least C	3
Physical Education activities	2
General Studies	1/2 hour for each semester enrolled

II. ELECTIVES IN REQUIRED AREAS

Fine Arts	3
Art 101, 102, or Music 101	
Humanities	3
English above 100 level except for applied English courses.	
Bible and Religion above 100 level	
Music 101, and 200 and above courses exclusive of applied music courses.	
Philosophy 201 or 202 or a foreign language	

Literature	3
English 201, 202, 203, 204, or any 300 level	
Natural Science	8
Astronomy, Biology, Chemistry or Physics	
Social Science	6
any History above 100 level	
Economics, Political Science, Psychology, or Sociology	

III. UNDESIGNATED ELECTIVES

Any academic courses except "Institutional Credit Only" courses.

IV. TOTAL HOURS REQUIRED FOR A.S. DEGREE

60 Academic hours

2 Hours of Physical Education activities (1 hr. 1st year enrolled

62 Hours plus 1/2 hour of General Studies for each semester enrolled

SPECIAL PROGRAMS

SPEARHEAD

The Spearhead program is a unique cross-cultural opportunity for learning conversational Spanish, ministering with Mexican Christians in their local church, and learning from experts about Latin American history and culture. Students live with a Mexican family, eat their food, and learn their language. In addition to participating in an intensive language study program and orientation sessions to learn about Mexican life and customs, personal witnessing and discipling skills are honed. To better understand Mexican culture, field trips are taken to places of historical, cultural, and scenic interest. Options for Spearhead include a summer program, a one-year program, and a two-year program. Students may earn college credit for their participation.

OPPORTUNITIES IN THE COALITION FOR CHRISTIAN COLLEGES AND UNIVERSITIES

Because Montreat College is a member of a coalition of more than 90 private liberal arts Christian colleges and universities, a number of off-campus learning opportunities exist.

Oxford Studies Program

Several opportunities for overseas study are available through the Coalition. An Oxford summer program provides study possibilities in England.

The American Studies Program

The American Studies Program which began in September 1976 provides a variety of work study opportunities for students from Coalition for Christian Colleges and Universities institutions. Based on the principle of integrating faith, learning and living, students spend time in Washington, D.C. earning academic credit by serving as interns and participating in a contemporary, issue-oriented seminar program. The American Studies Program is designed for juniors and seniors with a wide range of academic majors and vocational interests. This program is offered as an internship.

Latin American Studies Program

An opportunity to live and learn in Latin America is available to students from Coalition member colleges through the Latin American Studies Program. Located in San Jose, Costa Rica, the program is committed to helping students examine and live out the Lordship of Jesus Christ in an international context. An Environmental Studies Program is also available in San Jose through the Coalition. These programs are offered as internships.

Los Angeles Film Studies Center

The Coalition for Christian Colleges and Universities inaugurated a Los Angeles Film Studies Center with opportunities for student involvement in January 1991. This center which serves as an extension campus for Coalition institutions, incorporates study programs and internship experiences in the Hollywood area for gifted students from member colleges and universities. Its purpose is to enable its graduates to serve in various aspects of the film industry with professional skill and Christian integrity. This program is offered as an internship.

Middle East Studies Program

Students wishing to experience living and learning in an Islamic setting may attend the Middle East Studies Program in Cairo, Egypt. Students will examine this culture from a Biblically based perspective. This program is offered as an internship.

Russian Studies Program

Based in Moscow, this program offers students the unique opportunity to study and experience the Russian culture in an in-depth fashion. Students will examine this culture from a Biblically based perspective. This program is offered as an internship.

THE AU SABLE INSTITUTE OF ENVIRONMENTAL STUDIES

Located in Michigan, this program offers courses which cover different aspects of environmental studies, ecology and stewardship. Ecological information is provided along with experience in both field and laboratory techniques.

McCALL

Montreat College's Center for Adult Lifelong Learning (McCALL) is a community directed effort to promote non-credit educational experiences on campus. Members of McCALL determine fees, curriculum, and course leaders. Course offerings occur during the college's academic semesters, and classes meet in available classrooms. In addition to educational opportunities, McCALL provides for members social activities, including teas, lecture series, and other cultural events. Lifelong learning, regardless of the format, is the central driving force behind all that McCALL does.

DISCOVERY

Montreat College offers a unique 20-day wilderness experience called Discovery. Backpacking, whitewater canoeing, rockclimbing, route finding, mountain biking and a solo experience are all part of the program. Traveling in small groups of 8-12, students will experience the beauty and challenge of Pisgah National Forest and Linville Gorge Wilderness Area, pristine mountain environments located within one hour's drive of Montreat. While developing camping skills and learning to navigate cross-country, students will be learning to develop qualities of teamwork and servanthood. Participants may also discover new insights in their relationship with God and others as they study the Bible and seek to apply its message on a daily basis. More than just a camping trip, Discovery offers an opportunity for spiritual growth, reliance on others and gaining a new appreciation for God's creation. The course is offered during the summer session (usually during the month of May - see Outdoor Education 243).

BOARD OF TRUSTEES
1995-96

Chairman . . . . . J. Howard Edington, Orlando, FL
Vice Chairman. . . . . Barbara D. Johnston, Knoxville, TN
Secretary. . . . . George B. Hutchins, Marion, NC

CLASS OF 1995

Charles J. Bryan . . . . . Nashville, TN
W. Clark Erwin . . . . . Morganton, NC
Charles A. Hunter. . . . . Charlotte, NC
